NATO Hears Of Reds' Rocket Buildup

U.S. Claims France Fails To Meet Defense Pledges

PARIS (AP)—The NATO nations received today a report of a Soviet buildup in rockets and a new U. S. charge that France is not meeting her defense pledges to cope with Soviet threats.

U. S. Secretary of Defense Thomas S. Gates Jr. told the North Atlantic Alliance that the United States needs more help in keeping Western defenses modernized, and endorses the military substance of a recent speech by Gen. Nathan F. Twining.

Twining, chairman of the U. S. Joint Chiefs of Staff, sharply attacked France last week in a secret NATO military meeting for refusing to go along with integration of its forces. Secretary of State Christian A. Herter Tuesday insisted that integration is a vital part of NATO, and in effect supported Twining.

Gates spoke today after French Defense Minister Pierre Guillaumat officially protested the American charge that France is shirking and the fact that Twining's speech reached the press. He charged that Twining overstepped military bounds and got into political matters.

Gates said he felt that the United States is within "the competence, right and responsibility of its military to comment on the military effects of political decisions."

Adm. Walter F. Boone, U. S. member of NATO's top-level standing military group, gave the session an intelligence estimate that the Soviet Union has had intercontinental rockets in service for 17 months and has 100 missile bases.

The report on growing Soviet nuclear and rocket power struck closely to figures given out Dec. 2 by the Institute of Strategic Studies, an unofficial British group sponsored by the Ford Foundation. This unofficial report said bases manned by 200,000 men were located in the Soviet Baltic coast, in East Germany, the southern Ukraine and the Carpathian Mountains.

The Soviet Union also was reported to have operational missiles of relatively short range which can be fired from submerged submarines, and to have ordered large quantities of them.

Gates told the meeting, however, that the United States is confident of its present nuclear superiority, both with respect to nuclear weapons and to the means of their delivery.

He said American-made intercontinental and intermediate range ballistic missiles are now operational.

Several NATO nations, he added, are eager to join forces to produce middle-range missiles capable of firing atomic warheads 1,500 miles. The United States, he added, is studying the project and soon will be able to give full assistance to the project.

"We are determined to make whatever effort and sacrifice the future may require of us to be able to maintain an effective nuclear delivery capability," Gates said.

But he emphasized the need for shared financing in the development of new weapons.

Gates said he saw no indications the Soviet Union would make any concessions at a summit meeting that would warrant a reduction of U. S. forces.

Defense Minister Harold Watkinson of Britain and Defense Minister Franz Josef Strauss of West Germany also supported the American position that integrated command is a keystone of NATO.

Guillaumat opened today's ministerial session with a protest over the Twining incident.

Ike Relaxes Aboard U.S. Des Moines

On Way To Tunisia; Starts Work On State Of Union Message

WITH EISENHOWER AT SEA (AP) — Traditional Eisenhower weather returned to the Mediterranean today as the touring U.S. President sailed westward on the first real rest of his three-continent goodwill tour.

The U.S. heavy cruiser Des Moines bore the President through calm seas toward Tunisia, the eighth stop of the peace in freedom mission to 11 nations that he launched Dec. 3. After an overcast departure from Athens, the temperature was 62 degrees, the forecast more fair weather.

The President slept Tuesday night and loafed this morning. He planned to do some work, however, on the State of the Union message he will send to Congress early next month.

In between rest and work on the message, Eisenhower arranged to watch a special demonstration being put on by planes based aboard the escoring carrier Essex, the floating home also of correspondents accompanying the President.

He resumes talks on world problems Thursday at a conference with Tunisia's President Habib Bourguiba ashore in Tunisia. Then Eisenhower will return to the Des Moines, flagship of the U.S. 6th Fleet, for a 24-hour cruise to Toulon, France. There he will board a special train for Paris to attend the Western summit conference opening Saturday.

Eisenhower sailed from Athens Tuesday afternoon. At that point he had traveled 13,300 miles and visited seven nations on his 22,000-mile, 11-nation tour.

Within an hour after a helicopter landed him on the Des Moines, he was napping in his roomy stateroom, ordinarily the quarters of the 6th Fleet commander, Vice Adm. George W. Anderson, Jr.

The President had dinner at 7 p.m., then watched a movie with his party. The name of the movie wasn't announced, but newsmen were told, "You can assume it dealt with the United States Navy."

The President turned in about 10:15 p.m. and slept a bit more than 10 hours. It was the longest sleep he has had since leaving Washington.

Lounging about his quarters in sports clothes, Eisenhower read in the ship's newspaper a dispatch reporting praise of his mission by Vice President Richard M. Nixon.

NEW ALTITUDE RECORD. Capt. Joe B. Jordan, Edwards Air Force Base Flight Test Center pilot, is shown in the cockpit of a Lockheed F-104C Starfighter in which he set a new world altitude record of 103,395.5 feet Tuesday. This topped the Navy's mark of 98,560 feet set last week in a McDonnell F4H Phanton jet and also the manned balloon record of 101,516 feet. (UPI Telephoto)

Action's Due On Raimond, Cunningham

State Scores Point In Efforts To Uphold Burglary Conviction

The Ohio Supreme Court today agreed to review a decision of an appellate court in clearing Ira Cunningham, former city policeman, and Jerry Raimond, onetime special officer, of a 1958 conviction for burglary.

The high court at Columbus agree to hear further arguments on an appeal filed by Columbiana County Prosecutor G. William Brokaw concerning the reversal of the conviction of the two officers by the 7th District Appellate Court.

Cunningham and Raimond were found guilty by a Common Pleas Court jury of a 1952 burglary of the Burbick Hardware Co., but the appellate court upset the conviction on their arguments that the trial had not been held within the allotted number of court terms.

The appellate court said the statute provides no one shall be held by recognizance without trial for a period of more than three terms.

Cunningham and Raimond, among 7 officers indicted in 1956 for a series of enterings, appeared at the Supreme Court hearing last Friday with their counsel, Atty. Hugo Alexander.

The prosecutor indicated his next move will be to file briefs on his appeal, and the hearing will be scheduled.

City Workers' Pay Increased At Wellsville

Hourly Will Receive 7 Cents And Salaried $20 More Monthly

Wellsville city employes were granted wage increases, effective Jan. 1, by City Council Tuesday night.

The increases amount to 7 cents for hourly-paid workers and $20 per month for all salaried personnel except 2 given $10 a month. The City Hall janitor and relief director received the lesser monthly increase.

The new hourly wage scale is as follows:

Laborer, $1.62; special police and firemen, $1.62; truck driver-mechanic, $1.67; mechanic first class, $1.92, and mechanic second class, $1.77.

The monthly rate for salaried workers follows:

Chemist, $330; cemetery superintendent, $330; clerk — water, cemetery and sewage, $365; clerk—refuse disposal and sewage disposal, $335; police chief, $365; assistant police chief, $355; fire chief, $365; assistant fire chief, $355; patrolmen and regular firemen, $345; City Hall janitor, $270; relief director, $270, and auditor, $265.

There was no mention of an increase for the offices of mayor, solicitor or treasurer. The legislation was passed under suspension of rules.

Both firemen and police petitioned Council for increases. Members of the police department asked in October while firemen presented their requests two weeks ago. A greater differential in pay between officers and regular men also was asked.

Council adopted annual legislation transferring monies from one fund to another to balance up the books for the year. Most of the money is taken from the general fund.

The total amount transferred was $61,350.71 which was divided among several different funds for a total of 66 different expenditures which were in the red.

The amounts transferrred ranged from $2 to $15,000 which was taken from the sewage disposal fund for payment to the contractor. Another large transfer was

U.S. Loan Due Waterford On Sewage Plant

NEW WATERFORD — Approval of a $160,000 loan to the village to help finance construction of a sewage system and treatment plant was announced today by the Community Facilities Administration at Washington.

The community approved a $35,000 bond issue in November to further pay for the project, which will cost an estimated $263,000.

Engineering work is already under way, according to officials, who said the plant will be located on a 25-acre tract of the former Billingsley Farm just south of the town.

There are some 225 potential users who will be linked to the sewage system and plant which will be paid off by mortgage revenue bonds and the bond issue through a property tax. Village officials said a federal grant of some $25,000 is also expected through state sources.

About $12,000 remains to be paid on the water works constructed about eight years ago. Officials said the sewer fees will not be based upon water consumption.

It will be mandatory for residents to be connected to the new plant which is being built under the program of the Ohio Water Pollution Control Board.

'Self-Service' Thief Gets Woman's Dresses

A thief took advantage of a "self-service" laundry Tuesday night to help himself to four dresses owned by a Klondyke woman, she complained to police today.

Mrs. William M. Jones, 2221 Harvey Ave., said her clothing was stolen between 6 and 6:15 p. m. yesterday from a "self-service" laundry on State St. She said she left the laundry to carry some clothing to her car and when she returned the four dresses were missing.

Reporting the theft at 8 this morning, Mrs. Jones said there were three or four other women in the laundry at the time of the theft. She listed these colors for the four dresses: Yellow plaid, red and blue, orange and black and red and black.

Rockefeller's Greeted With Mixed Feeling

Coolness, Admiring Applause Mark First Day In Wisconsin

MILWAUKEE, Wis. (AP)—Gov. Nelson A. Rockefeller started his second round of political probing in Wisconsin today, after running into a very mixed reception on his first day in the state.

Reactions ranged from studied coolness to admiring applause.

Milwaukee Republican officials made it crystal clear that they want Vice President Richard M. Nixon as the party's candidate for president.

Other Wisconsin Republicans, however, indicated they might support Rockefeller for the nomination.

For the first time on this tour of the Middle West, Rockefeller failed to draw capacity crowds for his appearances. There were empty seats in the Marquette University auditorium and in the meeting of the World Affairs Council.

"Some Democrats say you are as reactionary as Nixon," said a man, "and other people call you a Democrat in Republican clothing. Which are you?"

During the question-and-answer period at the World Affairs Council meeting Tuesday night, a man prefaced his question by describing Rockefeller as "a new arrival, and a very brilliant one, on the political scene."

The audience exploded with applause and cheering.

So it went all day, the cool and the warm, a day wholly unlike any others Rockefeller has had as he moved through Indiana, Missouri and Minnesota, before coming into Wisconsin.

Rockefeller's smile seldom faded and he showed no signs of being discouraged.

"The situation is very much as I expected," he said.

After a brief stop in Madison, he flew to Milwaukee. His schedule here took him first to a luncheon given by Milwaukee Republican officials.

7 Perish In Fire

ST. JOHNS, Nfld. (AP)—Seven persons, four of them children, died today in a fire.

Newell Plans Treat And Parade Thursday

Newell's holiday season will be launched with a Christmas parade and treat for youngsters Thursday at 5:30 p. m.

The parade will be led by the Wells High School Band and will include Santa Claus riding on a fire truck.

Treats will be distributed to children through 12 years at the fire station.

Community organizations sponsoring the Yule celebration will meet tonight at 5:30 in the fire station to pack treats that will include candy and fruit, Mrs. Mae Hupp, chairman, reported. Sponsors also will meet Friday night in the fire station for reports on the celebration.

'No Change' Reported In Ailing Civil War Vet

HOUSTON, Tex. (AP) — There was no change noted Tuesday in the condition of the Civil War's last surviving soldier, Walter W. Williams.

Willie Mae Bowles, a daughter, said the 117-year-old Williams was "not any better."

"He's holding on but that's about all," Mrs. Bowles said.

Plan To Aid West Virginia To Be Offered

Underwood Reveals Program To Relieve Economic Plight

CHARLESTON (AP) — Gov. Underwood plans to hand the Legislature a proposed program to relieve the economic plight and suffering of West Virginia's unemployed.

The governor also said he was investigating what steps could be taken at the administrative level to alleviate economic distress.

The governor did not specify as to whether he would call the Legislature into special session or whether his proposals would be presented when the lawmakers convene here Jan. 13 for a 30-day budget session. There is a chance the governor may extend the budget session.

He said he will call upon the Legislature at the first opportunity to consider measures which will help the unemployed.

"I take this action so that members of the Senate and House of Delegates may devote their entire energies to this crucial problem," Underwood said last night in a 30-minute television and radio address. "At that time I will offer specific proposals which they may act upon."

The governor's speech came on the heels of a tour he made of distressed areas of the state.

While the governor did not spell out his legislative proposals, he gave this general preview:

"There are several areas in which legislative action will be necessary. If we would alter in any way our unemployment policy or our public welfare programs, we must first change the laws. If we establish any kind of a public works program, money will have to be legislatively appropriated. Tax relief or tax adjustment also must be a legislative responsibility."

He had this to say about what steps may be taken at the administrative level:

"Certain administrative measures which would in some way alleviate economic distress are under investigation. These include a revamped means of surplus commodity distribution, a simplified and more flexible system of using state benefits, so that those who temporarily work would not be penalized, and intensification of our labor placement services.

"Of course, industrial development remains a major key to the problem and a major source of effort at the state level."

U.S. Airman Soars To New World Record

LOS ANGELES (AP)—The man who has soared higher than any other human can't give much of a description of how it looks nearly 20 miles above the earth.

He didn't have time for a good look.

"It was still blue—but perceptibly darker," said Capt. Joe B. Jordan after piloting an Air Force Star Fighter to a world altitude record of 103,395.5 feet Tuesday.

Jordan said he got one fast look out of the cockpit at the peak of his flight. He said he could see the Gulf of California, 300 miles to the south.

Jordan shut off the turbo-jet engine of his Lockheed F104C at 92,000 feet and coasted the rest of the way up. He said it was "a real thrill going over the top."

The record is subject to confirmation by the Federation Aeronautique Internationale. It exceeds by 4,835.5 feet an altitude mark claimed Dec. 6 by a Navy fighter which in turn had bettered a Soviet record.

The Starfighter also claims a world time-to-climb record for 30,000 meters. It took the jet 15 minutes, 4.92 seconds to reach 98,424-foot mark, after breake release on the runway at Edwards Air Force Base, 100 miles north of Los Angeles.

Jordan, of Sweeney, Tex., found radar men on the ground couldn't track him because he went so high.

Castro Says Cuba Will Be Invaded In '60

'I Am Sure We Will Annihilate Them,' Premier Declares

HAVANA (AP)—With his military courts again in full swing, Prime Minister Fidel Castro expressed belief today that there will be an invasion of Cuba in 1960.

"Next year we will have to defend the revolution with weapons in hand," Castro declared in a televised, 4½-hour speech. "It will come because there is a great campaign outside and here. I hope I am wrong, but they will come. I am sure we will annihilate them."

He didn't say who they would be.

The bearded prime minister jibed at labor and racial conflicts in the United States to cheers from his immediate audience, about 1,200 delegates of the Congress of Sugar Workers.

He complained that the recent U.S. steel strike slowed the agrarian reform program of this island nation—which depends chiefly on the United States for its steel products—by halting tractor production.

He chided the United States for its industrial troubles and its racial problems.

Woman Hurt; Driver Flees After Wreck

The State Highway Patrol at Lisbon was awaiting a report today from one of the drivers involved in a two-car collision on Route 30 in California Hollow Tuesday night in which an East End woman was injured.

Mrs. Kathy Hunt, 34, of 1069 Locust St. was treated at City Hospital for a laceration of the face and abrasions of the left knee received in the crash.

Officers said she was a passenger in a car driven by Gary Earich, whose address officers did not obtain because he apparently left the scene on foot.

Earich was driving a car which struck the rear of a halted auto operated by Steve Urban, 23, of Bedford. Urban, who was headed south, had pulled almost off the roadway to stop because of a flat tire officers said.

Urban told the patrol the driver of the other car got out and left after the crash. Chester Curtis, 2021 Nevada St., Wellsville, owner of the other car, was also a passenger.

The patrol said Earich reported he will go to the Lisbon post this afternoon.

The front of Curtis' 1954 sedan and the rear of Urban's 1952 coupe received considerable damage. Urban and his wife, Connie, were unhurt, the patrol said.

Midland Union Group Attends Crucible Talks

James Mullen of East Liverpool, United Steelworkers staff representative, and several other officers of the union are attending contract negotiations scheduled today at Pittsburgh with the Crucible Steel Co. of America.

Talks were planned in the Penn-Sheraton Hotel.

Others attending include Joe D'Alesio and Edward Melvin, both of Midland and president and vice president, respectively, of Local 1212, and Richard Waggle of East Liverpool, president of Local 3177. Both locals are of Crucible's Midland Works.

A regular meeting of Local 1212, scheduled for Thursday night, has been canceled and will be set later, the union office announced.

Trio Due Hearing Thursday

Pastor Accuses Dealer, 2 Aides In 'Spite' Auto Deal

An East Liverpool auto dealer and two of his employes are due in Municipal Court Thursday on a series of charges filed by a Jefferson County minister alleging that the trio attempted to disable his car by loosening a wire and finally crashed into it deliberately with another auto — apparently as the upshot of a business deal that went sour.

The Rev. William D. Reese of Rayland R. D. 1 filed the charges against Basil Mangano, operator of the Central Service Co. on W. 7th St., and his employes, Earl G. Tice, 968 St. George St., and Harold L. Johnston, 316 W. Church Ln.

Tice and Mangano are accused of "assaulting and threatening" the Methodist minister "in a menacing manner."

In addition, Tice and Johnston are accused of "tampering with the motor vehicle of another," a violation of state law. The assault charges against Tice and Mangano are filed under city ordinances.

Local authorities said they could tell little of the circumstances surrounding the alleged violations except that they apparently resulted from a disagreement between the minister and the agency operator and his employes over a car deal that fell through.

In the "tampering" charge against Tice, he is accused of "maliciously loosening a wire or bat-

Speaker At Annual Dinner

Rep. Hays Promises USPA He'll Seek Import Quotas

Declaring that the nation's system of tariffs and duties is "antiquated," Rep. Wayne L. Hays told the U. S. Potters Association Tuesday night at its annual banquet in Pittsburgh that he will continue to work for an effective quota system to safeguard American industry and jobs from the inroads of cheap foreign imports.

The annual report of Joseph M. Wells, chairman of the USPA labor committee, appears on Page 13.

The 18th Ohio District congressman spoke at a dinner in the Monongahela Room of the Penn-Sheraton Hotel that highlighted the first day of the USPA's 81st annual meeting. The session is scheduled to end this afternoon with election of officers.

"While I believe, and always have believed, that the United States must trade with other nations I have been consistent in believing that we cannot sacrifice home industry," the veteran Belmont County Democrat told about 130 pottery executives.

But at the same time, the United States must assure itself of a continuing, adequate supply of vital raw materials from the so-called "underdeveloped" countries, he cautioned.

"I believe in reciprocal trade, but not in the way the adminis-

Family Snowbound

Mr. and Mrs. Robert Veness and three children of Calcutta were reported snowbound in Tucamcari, N. M., after a winter blizzard dropped 18 inches of snow on New Mexico and stopped all traffic. They were driving to Tuscon, Ariz., to visit relatives. They phoned Mrs. Veness' mother, Mrs. Carl Smith of Calcutta Tuesday that they were safe but had halted their trip. Army tanks were reportedly being used to open heavily traveled Route 66. They left Saturday.

The Human Sea At New Delhi

As Americans read reports of the reception President Eisenhower is getting on his good will mission, they are apt to concentrate on the tribute to his personality and the nation he represents.

This is certainly important, and it is one of the reasons he decided to make the arduous journey—to find out what people in other lands think of the United States. But there is another reason for his trip, equally important in the President's mind, that his constituents are prone to overlook.

It is the reverse flow, the reaction this nation must have to the throngs of people who pour out to greet its leader and hear the message he brings to them.

THIS PROBABLY reached its high point in his three-week tour when a crowd estimated at more than a million Indians jammed into New Delhi's Ram Lila Park to hear the President's farewell address.

By American standards it was inconceivable, dwarfing the thousands who turn out for World Series games or major football contests. Even by Indian standards, it was an unprecedented event. Prime Minister Nehru called it the greatest civic reception he had ever seen.

Mr. Eisenhower was no doubt justifiably impressed by the sight. But equally with his personal reaction to the tribute, he must have been overwhelmed by the responsibility placed on Americans to return the favor—not necessarily with gifts of money and technicians and food, but with basic understanding of Asians.

Asia contains masses of people as inconceivable to Americans as the single crowd that turned out in New Delhi. They are the living reality of some of the world's greatest problems, such as hunger and overcrowding and poverty.

They loom large on the world scene not only because there are more of them than ever before, but also because the colonial yoke that kept them out of mind for centuries has been lifted and they are playing an increasingly influential role in world affairs.

NO DOUBT an understanding of some of these things came more strongly to the President as he looked out over that sea of Indians than ever before in his international experience.

There was another factor that can mean a good deal to Americans. It is that the sea of Indians looked at the man who symbolizes America with something akin to worship.

In other words, Red China does not have a monopoly on Asian hordes. There are millions of Asians who are friendly toward, not enemies of, the United States. The throng that saw President Eisenhower in New Delhi represented the counterbalance to Red China's population, which has frightened so many Westerners into pessimistic despair over the future.

That is probably what Mr. Eisenhower thought when he looked out over Ram Lila Park.

Wrong Means To The Right End

The president of the National Education Assn. fell heir to a type of thinking all too prevalent these days when he appeared before the Federal Communications Commission to urge that it require television stations to devote more prime evening viewing time to public service broadcasts.

There can be little argument with the desirability of the goal proposed by Walter W. Eshelman. In view of the scandals which have hit the television industry in recent months, a bigger share of educational programs during the most favorable viewing hours would have an uplifting effect on an important medium of mass communication. More people would also be able to see them, and we suspect more people would find them entertaining than present rating systems indicate.

But Mr. Eshelman misses the boat when he suggests the means to the end is through the regulatory powers of the FCC.

There is the hard fact of life that television stations are commercial enterprises. It would be inimical to the American economic system to force any industry to hamper its financial success by adhering to rules and regulations that ignored the fact that many public service programs are "sustaining" productions paid for by the stations or networks themselves.

In addition, there is the hard fact of experience with this kind of governmental venture. As with so many bureaucratic efforts such an FCC regulation would not offer the panacea to low-grade television offerings that so many people are seeking. Chances are it would not accomplish the end desired at all.

On the other hand, what the televiewing public can look forward to—and help bring about—is an increase in public pressure on both television outlets and sponsors for higher-level programs in the prime hours. There is some indication that this is happening already. And credit must be bestowed on those sponsors who have been financing informational shows all along.

This is not only a better way to accomplish what Mr. Eshelman wants as far as the principle of the matter is concerned. It is also the most effective way.

The basic fact remains that subjects like better public service from television cannot be legislated effectively. They must spring from a sincere desire to do a better job.

Unsung Heroes

There are many unsung heroes of the Christmas rush, but none is more deserving of a pat on the back than the mailman on the street and the man in the post office itself.

A trip to the office here speaks for itself. The pressure on local postal employes is typical of that at Wellsville, Chester, Midland, Newell and other tri-state communities.

It's too late to mail early, but it's not too late to take off some of the pressure by seeing that your packages are wrapped properly and your letters addressed correctly.

It Would Be Cheap At The Price

Perhaps Ralph J. Cordiner, president of General Electric, was taking note of more than the usual amount of talk about disarmament recently when he said last week his own company's loss of arms contracts would be offset by its savings in taxes if disarmament occurred.

Then he went on to say that the only thing to worry about was what would happen to employes who would be laid off, with no prospect of going back to work. Pursuant to the high-level decision to hold back on development of new supersonic bombers, General Electric is laying off workers in one of its jet engine plants.

There is evidence that the business slump that began late in 1957 and had turned into a political problem early in 1958 was sparked off by the high-level decision to curtail the aviation program in general.

Expensive as guided missiles are at this stage in their development, they represent the first major weapon, other than the nuclear bomb, whose destructive appetite would not have to be fed with an unending stream of cash.

Once the prototypes had been built and the duplicates stored, the cost of maintaining rockets at the ready stage would be negligible. It would be the first time in the history of mankind that major powers could have security without the massive overhead of huge standing armies, or as in recent years, of fleets of ships and planes, with hundreds of thousands of men to keep them in operation.

Years ago, an investigation of the munitions industry by a Senate committee headed by Gerald P. Nye of North Dakota made it appear that the profit motive would block disarmament. Whether intentionally or not, a well-known and highly regarded industrialist now has challenged that credo.

The president of General Electric has put his finger on the place where the real opposition would arise today — the hordes of employes who would be displaced entirely if total disarmament were achieved and are being displaced gradually by the development of guided missiles, which represent modified disarmament.

Corporations, if Mr. Cordiner has sized up the prospect correctly, would make up arms contract losses by reductions in taxes. But an unemployed worker, with no income to tax, would take a direct loss until he had been shifted to something else to provide his living.

The Once Over

By H. I. Phillips

How about calling a customer in some Senate probe into the high cost of pills. We can hear it now:

Q. We put you on the stand as a man who pays and pays and pays. How do you feel?

A. I'm doing as well as could be expected by a fellow who has no credit card at drugstores.

Q. Do you think yourself a typical pill taker?

A. Yes sir, and I haven't missed a new pill in years, give or take a few that cost so much I thought they came under the head of jewelry.

Q. Have these pills helped?

A. When I began taking them my troubles were minor. Now I am in desperate shape both physically and financially.

Q. Did you take these costly pills on the doctor's advice?

A. Yeah, but how did I know his diploma was from a business college?

Q. Have you been able to get any of these $10 and $15 a bottle wonder pills?

A. Are there any other kind?

Q. Would you mind listing your ailments?

A. I seem to develop only ailments helpful to the drug manufacturers. I had a touch of arthritis that got so severe the remedies I took enabled four drug firms to build new plants and raise dividends.

Q. What do you think of the drugmakers testimony that laboratory research makes high price of capsules necessary?

A. I think laboratory research is being confused with dry cleaning and gold prospecting.

Q. Can the drugstores help charging what they do?

A. All I know is that no longer can I stop on the way out with money enough left to buy a cigar.

Jersey Teamsters Fight Tony Pro

By Victor Riesel

HOBOKEN, N.J.

When the hoods of Hoboken-by-the-sea are at their jolliest and most charitable, they will but burn the feet of opposition leaders in one or another of the unions in the mob's asphalt barony here.

Victor Riesel

Sometimes a grenade removes the front of a headquarters to make a point for the boys. The other night they chose shotguns in a running debate with some mighty courageous men daring to fight the crowd running somethhing called the Teamsters Local 560.

The opposition to the Hoffa helots in that local has been organizing under the gun for a year. The daring young men drive trucks during the day.

They have been threatened for months. But they're funny that way. They are not enthusiastic about their union being run by a muscled man from Manhattan by the name of Tony (Pro) Provenzano.

The reformers believe that 45 years is just about long enough to wait for a real election of officers. There hasn't been one since 1904.

For years the electoral college of Local 560 — whose 13,000 members make it one of the nation's largest — was in a meeting room called Sailing's Hall atop a nearby gin mill.

Its mark of distinction is carved out of history. Once every five years, the local's officers, if you will forgive the expression, would summon the multitude to its reeking precinct.

THE NOMINATING meeting would be set for 6 o'clock. At 2 o'clock some 200 shop stewards, all the faithful by virtue of the fact that they owed their appointments to Hoboken's Teamsters hierarchy, would knock off work and gather in the hall.

Then they'd sit there until 6. It is of more than casual importance in this chronicle that the hall held only some 200.

It takes no demographer to figure that when the rank-and-file arrived, they couldn't get in. They would stand around outside and be told that the officers inside had been renominated unopposed—for five years.

So a bunch of the boys got together and decided to fight for their rights. Last Thursday night they were shot at.

Now, no one knows who shot at them. The local's president, Tony Provenzano, was elsewhere.

He's a quixotic fellow. He is one of those who left New York, where he was a Teamsters delegate some years ago, and in a short time became one of the nation's most powerful Teamsters chiefs.

WHEN HE MOVED across the river, the boys from New York told the boys in Jersey. Soon Provenzano was on the payroll of Local 560 as a "delegate."

When the secretary - treasurer was asked how the local could take on still another official, he just shrugged his shoulders and replied that the old officials simply took a cut in salary to make up the pay for the newcomer.

Before I proceed further, let me introduce this old secretary-treasurer of the Hoboken local. He is John Conlin, who doubles as none other than Jimmy Hoffa's first international vice president.

This makes Conlin the ranking member of the Teamsters national executive board now meeting in Washington.

Well, Mr. Tony Pro advanced rapidly from delegate to president of the local by simply announcing one day that he was the chief and that the old president was out.

This announcement was made last year at a session of the Local 560 executive board. There was no election. That was it.

But Tony Pro has wide horizons. Hoboken was just too confining. On May 19, 1959, there was an election meeting of the New Jersey Joint Council of Teamsters. They lead 65,000 strategically placed Jersey Teamsters. One slate was headed by a Lawrence McGinley.

THEY WERE ANTI-HOFFA. Tony Pro ran against the McGinley slate. The count showed that he won. Now he was and is—the head of all those Teamsters. But his followers have horizons of their own. Tony Pro talked to old John Conlin.

Soon the international first vice president said he would like to retire and when he did he would make his dreams complete by recommending Tony Pro to succeed him.

Modestly, Mr. Pro said he'd take it. However, the opposition began to run against him. Between them and the shotgun there was so much noise, that the horizons telescoped themselves. Now it's Jimmy Hoffa's problem. Be fascinating to see how he solves it.

Follow The Directions

By Truman Twill

It is heartening to know that the Boy Scout Handbook, a perennial best-seller, says in its newest edition that the way to make pancakes is "to follow the directions on the box."

We are continuing to make strides away from old-fashioned home-cooking—not the kind we think our mothers were famous for but the kind of cooking they actually did.

Except for their strong suits and occasional triumphs, our mothers never were half as good at cooking as we were at eating. Our recollections of how delicious everything tasted are in reality recollections of our appetites when we could have downed raw snakes and did down quantities of stuff that now we would consider inedible.

Moreover, not everybody who remembers home-cooking remembers it with a dewy eye and a nostalgic thump. Plenty of people survived the horrible experience only by luck and feel nauseous to this day at the thought of watery potatoes, stringy meat, unseasoned vegetables and pies that looked like a dog's breakfast and tasted worse.

They remember the bad coffee, the leaden cakes, the rubber chickens, the puddles of grease and things that tasted like marrinated cardboard.

They remember how it felt to starve by inches while a kitchen mechanic who couldn't have organized a game of Flinch stumbled and fumbled through the preparation of what turned out to be a batch of chum to attract a school of sharks.

To millions, the boon of the 20th century has been the rapid evolution of emancipation from the guesswork of the home-cooked meal. Every new packaged food, every new gimmick to put food on the table without a preliminary wrestling match, has been a deacon in the miasmic darkness of a lifetime of dyspepsia.

The Boy Scout Handbook has fallen into step with progress.

I have said this so many times it may not bear repeating, but we have strong feelings about it. My mother was a good cook, but I never could understand why any woman should be expected to put in that much time cooking, in the furtherance of a reputation she did not value.

The time cannot come too soon when basic requirements for nourishment can be met satisfactorily by anyone capable of reading the directions on the box. It will be a happy day. For people who cannot be happy without doves' wings and something under glass, there always will be restaurants. And there always will be a large percentage of women who would rather cook than eat and have the knack of doing it with professional skill.

It is for the other kind and those who must look to them for provender that the guesswork must be taken out of cooking. For many years, romanticism concealed the fact that Americans have been ill-fed because too many bad cooks have been spoiling their broth.

The benefactors who pioneered in the prepared food business perserved. Some of their early output proved to be worse witches' brew than the home cooks had been stirring. But as time has gone on, more and more galley slaves have been freed from their breakfast - nook servitude. Word has spread.

Just about everything is foolproof now. Anyone who can read can put together a reasonably good meal. There still are women who forget to take off the wrapper before popping the stuff into the oven to be heated, but there were women who popped chickens into the oven without removing their interior decorations, too.

Just read the directions on the box, like a Boy Scout making pancakes. You can't go far wrong. Oh happy day!

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Probate Judge Lodge Riddle was elected chairman of the Lisbon Boy Scout Council.

An improvement program, which included the cindering of several unpaved streets in East End, was launched by the street department.

Inconsistant Ivy League

By David Lawrence

Colleges Hold Two Views on 'Oaths'

Some of the Eastern colleges which have refused to allow their students to sign "loyalty oaths" so as to conform to federal law governing loans to students are now facing strong criticism for their own inconsistencies. They themselves impose a species of "loyalty oath" which goes further in impinging on the rights of the individual than anything required by Cogress.

David Lawrence

The son-called "Ivy Group Agreemet," which is a treaty between Harvard, Yale, Princeton, Pennsylvania, Brown, Cornell, Columbia and Dartmouth, consists of two closely printed pages containing 10 restrictive provisions and requiring the most detailed information, together with a series of pledges.

These include a complete disclosure of how much money the student is to receive from his family, from relatives and from any occupation throughout each year, and an itemized statement as to what sources, including savings, are to be used in financing his education.

The "loyalty oath" reads as follows:

"I certify that the information here provided is accurate and complete and that I believe I am eligible to compete as an amateur in the college I am now attending.

"I have read and agreed to abide by the policies and spirit of the Ivy Group Agreement."

This must be signed once a year during each of the four years of attendance. But it goes beyond the four sport seasons themselves. The athlete must swear that he will not participate in any "post-season" games even if he receives no compensation.

TWO SENIORS at the University of Pennsylvania, which won the football championship of the Ivy League last month, were recently invited to play in a North-South postseason game of the colleges. While they had already completed their football careers as undergraduates, their own university was threatened with a forfeiture of the championship if they played. They obeyed the edict.

Mike Pyle, who played center on the Yale football team this year, had this to say about the Ivy Group Agreement in a recent issue of "Sports Illustrated":

"Ivy League athletes should have the same opportunity as anyone else to a postseason game. Every time I sign the Ivy League Code I have an evil taste in my mouth. It's just a silly two-page document and I don't believe in it but I have to sign it in order to play. I don't think the Ivy League has been fair to the athlete."

This particular athlete, an honor student, happens to have a father who is able to pay his way through college but seemingly there is a tendency to suspect all those who may be working their way.

The college authorities scrutinize every dollar of income a student receives to see if it comes from some outside source interested in helping an athlete.

Indeed, the Ivy Group Agreement goes so far as to prohibit any athlete from "engaging for money or other substantial consideration in any occupation, business transaction or advertising promotion wherein his usefulness or value arises chiefly from the publicity value of his name as an athlete or his ability as an athlete, etc."

IS IT FAIR to inquire into the personal finances and occupations of every student just because he is an athlete?

Can't he be trusted by taking a simple oath of allegiance to his college and the cause of amateur athletics?

Why must the students who happen to be athletes undergo such a minute inspection of their personal affairs?

When Congress asks a student who applies for a government loan to take an oath of allegiance to his own government and to sign also only a simple paragraph which says he is not a member of any organization seeking to overthrow the government of the United States by force or violence, some of the spokesmen for Ivy League colleges condemn this as an "affront" and "coercion" and an insult to the students.

The American Council on Education calls it "superfluous" and "interference." The theory is that it pries into the private affairs of the student and makes him swear to something he doesn't intend to do anyway.

Loyalty to the government, it is argued, should be taken for granted. Then why shouldn't amateur standing and professional behavior be taken for granted, too?

THE ANSWER is that some form of pledge is felt to be necessary by the college authorities to conform to what is referred to as "The policies and the spirit of the Ivy Group Agreement."

The eight colleges concerned have formed a governing body and they rightly desire to prevent any professionalism.

The agreement may be too detailed and too restrictive, yet its general spirit is understandable. What isn't understandable is why the representatives of at least four of the Ivy League colleges and the Association of University Professors have spoken out against the "loyalty oath" requirements which Congress thinks would assist our government in stamping out Communism and subversive activities.

It is well known that the Communist technique is to try to infiltrate members of the faculty as well as students of universities everywhere in carrying on anti-American propaganda.

A Mixed-Up Giant

By James Marlow

WASHINGTON

John L. Lewis was a mixed-up giant.

He was a monument in American labor. But there were times when he acted like a man two inches high. He had enormous successes, abysmal failure. He was hated and he was loved.

He was a liberal and a conservative and a colossal egotist who had to be humbled in public. He was a great actor and a great ham. He could make the English language eloquent, and very corny too.

He was in the main stream of history, as the leader of labor in the 1930s, but there were times when he swam against it. For instance, in 1940 when the country was preparing for war and he turned isolationist.

He was a torrent of restlessness who has settled, as he nears 80, into tranquility. No one ever fought American businessmen harder. But he wasn't against them. He was a free enterpriser, too. He just wanted more of their profits.

He had daring, courage, imagination when lesser men around him quaked with timidity. Yet, if he couldn't have things his own way, he wouldn't play.

Lewis had his bad days. Whe he became head of the miners at the end of World War I, there were 400,000 in the union. The number dwindled so badly in the 1920s that by 1933 they were down to 150,000.

At times Lewis seemed carried away by his own strength. He pitted it against the government more than once. President Wilson forced him with an injunction to stop a strike he called in 1919 before World War I was officially over.

He struck again in World War II. But he suffered his greatest humiliation in 1946. He defied a court order against a strike and for this he was fined $10,000 and his union 3½ million dollars.

With the help of his eyebrows, which he could raise and lower like a stage curtain, Lewis could look thunderous with an anger which he could turn on and off like summer rain.

A conservative Republican, Lewis supported Calvin Coolidge in 1924, Herbert Hoover against Franklin D. Roosevelt in 1932. But he switched to Roosevelt when the New Deal, through the NRA and the Wagner Act, gave labor its greatest break and biggest government help in history.

He became a liberal among liberals in 1936 when, in gratitude, he backed Roosevelt. But he turned conservative again in 1940 when Roosevelt refused to coddle him. Lewis came out for Wendell Willkie.

This was when he made his greatest mistake in self-evaluation. He threatened to quit as head of the CIO if Roosevelt won. His reasoning was that the President couldn't be re-elected without labor's help.

This was like saying a Roosevelt victory would be a repudiation of Lewis. He matched his popularity against the President's. Roosevelt won and Lewis quit.

When the New Deal came to the help of labor, Lewis saw the chance to organize the millions of unorganized industrial workers. The AFL, selfishly interested only in craft unions, wouldn't buy Lewis' plea for industrial organization. He quit the AFL and formed the CIO.

The drive that followed, and its success, was the greatest in American labor. But when Lewis quit the CIO after the 1940 election, he went into a kind of backwater of labor history.

He remained as head of the miners. He was still a driving force. But he was no longer leader of the broad labor movement.

He was one of those extraordinary men who, in every generation, rises to shape the destiny and direction of the nation.

$13,000 from the high service water line fund to pay for material and the contractor.

At the beginning of the season, when Auditor E. S. Davidson's monthly report was read, Councilman Dominick Dash asked why the refuse disposal fund was $600 overdrawn. Councilman Paul Nelson, finance chairman, said the department doesn't pay for itself and money has to be taken from the general fund at various times during the year to meet expenses. A total of $2,000 was taken from the general fund and put into the refuse fund in the legislation transferring the funds.

Council also adopted legislation to provide for the issuance of a $60,000 note in anticipation of receiving monies from the federal government. The note will be a demand bill and will be paid when the city receives money due from the government on the McQueen's Run and 2nd St. storm sewer relocation project.

It was pointed out that only $39,000 is needed to complete payments to the contractor and engineer on the project but that the additional money will be needed by the city before the end of the year. The balance not received from the government will be taken from the first tax receipts to meet the obligation.

A resolution was adopted accepting the tax rates set by the County Budget Commission at Lisbon. A total of 3.3 mills will be collected outside the 10-mill limitation while 3.2 will be collected inside.

Council went on record against a proposed rate increase the Ohio Valley Gas Co. said plans to seek and asked that the incoming Council co-operate with surrounding communities in fighting any rise.

A letter was received from the utility notifying that it plans to formally present its request for an increase to the Public Utilities Commission sometime in January.

Myron Weis, president, said he believes the firm already has had two increases this year under an escalator clause. "I think it should be fought," he said. A letter was received from George and Marguerite Wilson of Near Hammond Park thanking Council for having a water line installed to Russell Heights and their home.

They also thanked Clyde Baker, Spring Hill Cemetery superintendent, and Safety - Service Director William S. Robinson for their consideration during the project. They said they realize the project was fought by some persons but pointed out residents of the area "are very much a part of Wellsville."

At the end of the meeting all the councilmen and Mayor William J. Shoub extended greetings to one another and wished good luck for the incoming Council. Councilman Richard Brown was absent.

Councilman Robert Taggart remarked that he has been asked to serve as chairman of the water and sewage committee next year by Mrs. Mary Rahter, incoming president.

This was the final meeting for Councilmen Ancel Moore, J. Frederick Russell, Weis, Robert Runyon, Dash and Brown.

Taggart and Nelson were re-elected. The incoming Council will hold its first official meeting Jan. 5.

The Rev. Arden Beck of the First Methodist Church gave the invocation and Moore offered benediction.

No Clues Uncovered In Newell Store Looting

Hancock County sheriff's deputies have uncovered no clues in the breaking and entering of the Central Service store in Newell in which some $500 in merchandise was stolen.

The sheriff's office in New Cumberland reported the thieves left no fingerprints. The loot included transistor radios and a stereophonic phonograph set. A small amount of cash was lifted from a drawer in a desk.

Deputies may be checking out reports that several juveniles were seen in the area Monday night. The store was entered through a rear door between 9 p. m., Monday and 8 a. m. Tuesday.

tery cable" on the minister's car, apparently to disable it. The "tampering" charge against Johnston alleges that he "did purposely damage the fender and bumper" of the minister's car "by driving another motor vehicle into the path of" the Reese car at Jefferson St. and Webber Way.

The minister could not be reached for an explanation of the incidents because his telephone was reported out of order.

The affidavits on file in Municipal Court show that the minister alleges the violations took place Friday. The charges were filed Saturday and the warrants were served on the defendants Monday.

Mangano and Tice posted $56 bonds on the assault charges. Johnston and Tice posted $106 bonds on the "tampering" charges.

Solicitor Joseph W. C. Cooper, who prepared the affidavits, said Thursday is only a tentative date for the hearing, depending upon the appearance of the minister to testify.

He indicated that in declining to discuss the circumstances allegedly surrounding the charges he was reserving the right not to reveal the prosecution's case in advance of the hearing.

Police Chief Americo Radeschi said that the minister told him "he went in to trade on another car and talked to Mangano about a $600 difference" before the disagreement erupted.

Drunk Driving Charge Faces 2 District Men

Two men arrested Tuesday night and early today on charges of driving while under the influence of alcohol are scheduled for Municipal Court hearings Thursday at 9 a. m.

George B. Lester, 500 Midland Ave., Midalnd, and Ralph C. Swoger, 45, of 288 Center St., Beechwood, entered not guilty pleas at arraignment today before Judge George L. Brokaw.

Swoger was arrested at 10:45 p. m. yesterday on Routes 7 and 30 just outside the city limits and Lester was taken into custody at 12:10 this morning on Pennsylvania Ave., police said.

Although Lester did not enter a formal plea of innocence, he told the court he had consumed "only a few beers" before his arrest and added that he was "more tired than intoxicated."

Lt. Clyde W. Boso, one of the officers who arrested Swoger, told the court the defendant was cited by officers who were at the scene of an auto mishap on Routes 7 and 30 near the Pearl China Co. salesroom in California Hollow.

Lt. Boso said the city also will produce witnesses that Swoger drove his car inside the city limits. He said a service station attendant attempted to take the ignition keys from Swoger to prevent him from driving.

The judge continued both cases to arrange the appearance of the arresting officers. Lt. Boso and Patrolman K. H. Mooney cited Swoger. Patrolman Paul A. Burson Jr. cited Lester.

Judge Brokaw also dismissed a non-support charge which had been pending against Swoger since June. The action was taken when the defendant said he has since resumed supporting his family.

Another traffic case also was continued until Thursday morning at 9. The defendant is Hobert Adkins, 1846 Harvey Ave., who was cited for reckless driving Sunday night on Dresden Ave. after his auto allegedly sideswiped a halted city street department truck.

Adkins' arraignment had been delayed because he was hospitalized with injuries suffered in the crash. Adkins also had been charged with driving without an operator's permit, but he produced a valid license in court today.

Hays

(Continued from Page One)

tration does," Rep. Hays said. "Our duties and tariffs are antiquated. In view of the world labor conditions, they are not an effective control."

Reviewing his stand on a quota system, he told the pottery manufacturers he long has favored such a system of controls over imports.

"But it won't be enough for the Japanese to put in voluntary controls, as they have done in the case of textiles," he added. "We will need a system that can be enforced."

He referred to the foreign exchange situation and termed it "heavily unfavorable to the United States."

Rep. Hays declared that his five years as chairman of the House subcommittee on State Department operations he has become "very much aware that we're competing for raw materials in underdeveloped countries."

"Khrushchev told me four years ago that the Russians will defeat us by controlling the raw materials from these underdeveloped nations," he added.

"If we're going to spend money abroad in underdeveloped countries, we will have to recoup somewhere else," he continued. "The outflow of cash from this nation helps create the unfavorable balance of trade.

"I will support Eisenhower's foreign aid program if it is on a reasonable basis," he added.

Referring to vital raw materials which the nation must obtain from "underdeveloped" countries, Rep. Hays cited bauxite, tungsten and uranium. In addition, the United States obtains many so-called "luxury items" from such nations, including coffee, tea and chocolate, he said.

The congressman drove from his home in Flushing to Pittsburgh to make the address. He is at home because Congress is not in session.

There is no difference in the blood of one race as compared with another, Scientists, after careful study, have found that all human blood is the same and all races have the same four blood types.

'Yule Customs Of Other Lands' Is Club Program

Mrs. J. Carl Durham presented a program on "Christmas Customs In Other Lands" when the Newell Women's Club met Monday night in the American Legion home.

Singing of Christmas carols was led by Mrs. Durham with Mrs. George Cawthon, accompanist. Mrs. Olin Doane read Scripture from Luke.

The program and brief business followed a 6:30 o'clock Christmas dinner. Mrs. Paul Mosher headed the social committee. The invocation was given by Mrs. Doane.

During business conducted by Mrs. Cawthon, president, purchase of a record player for the retarded children's class of Newell Jefferson School was authorized. Mrs. Albert Logston and Miss Mary Mangano are chairmen of the project.

It was announced that the West Virginia State Road Commission had installed guard rails on Washington St. to provide additional safety for children walking to school, as a safety project of the club.

Mrs. James Raimond was appointed chairman of a postage stamp project. Stamps are to be sent to veterans hospitals. Money was appropriated for the West Virginia State Student Loan Fund.

The club was reminded of the annual community Christmas sing to be held Sunday at 4 o'clock in the First Presbyterian Church. Forty attended. The next meeting will be in January.

Firemen In Glenmoor Prepare Nominations

Nomination of officers will be held at a meeting of the Glenmoor firemen Thursday night at 7 at the fire station. The Firemen's Association will meet afterward.

Election may be scheduled later in the month to enable new officers to begin duties at the first of the year, Devine Banks, president, said. A new election is being held because the eligibility of some firemen was unclear at the original election.

Local Musicians Intensify War On Imported Music

Support of a nationwide campaign against the use of foreign recorded music on American television and radio programs has been approved unanimously by Local 172, American Federation of Musicians, of East Liverpool, according to Frank Craven, secretary.

The local union, comprised of musicians from the tri-state area, has endorsed a drive for a congressional investigation into "the importation of cheaply-produced music, causing unemployment of American musicians and further decline of the use of live music."

Robert Hall, local president, said, "The practice of fraud on the American public by the use of unlabeled 'canned' music on certain shows is destroying the business opportunities for many professional musicians."

Hall said the musicians wish to call attention to the use of the imported music by sponsors seeking to sell American-made goods to Americans in preference to utilizing American music. "The drive is not directed at foreign musical artists presenting true cultural programs," Hall added.

He pointed out how imported music has affected adversely musicians in the immediate area "where in the past years many were employed in the movie and vaudeville theaters as well as at ballrooms and parks."

Friends may call at the funeral home Thursday from 2 to 4 and 7 to 9.

Repairs To Salineville Fire Alarm Line Made

SALINEVILLE — Repairs to a faulty line in Salineville's telephone fire alarm and automatic siren system were made by a serviceman Tuesday night, Fire Chief Tony Brandonisio said today.

The automatic siren sounded at 12:15 p. m. and again later yesterday, and the Ohio Bell Telephone Co. was asked to check the lines again.

Inadvertent sounding of the first siren in the past few weeks was discussed at a meeting of Council Monday night when it was suggested some of the phones on the system be removed. Some firemen residing near the Village Hall have fire phones and buttons for sounding the siren.

Chief Brandonisio said today it is not expected that any phones will be removed, and that the trouble was apparently in a faulty connection at the Village Hall.

A cricket can "throw" his voice like a human ventriloquist.

Dog License Agents Listed

Columbiana County Auditor Kenneth Bell announced today the agencies for sale of 1960 dog licenses and said that applications will be mailed to owners about Dec. 28.

Some 16,707 licenses were sold in 1959—551 more than in 1958. The fee is $2 per dog, regardless of sex, and the kennel fee is $10. The deadline is Jan. 20, after which there is a $1 penalty. Agencies include:

43 At Yule Program Of Wellsville Kiwanis

Forty - three attended the annual "Ladies Night" Christmas program held Tuesday by the Wellsville Kiwanis Club at Piatt's Tea Room. Wives were guests.

Miss Phyllis Zimmerman, director of the Wellsville High School Chorus sang, and Mrs. Louise Lawton, supervisor of elementary music, played the piano.

Mrs. Bianca Eckfeld was a guest. Atty. Delmar T. O'Hara, president, presided. Gifts were collected for foster home children of Columbiana County.

Fire Destroys Shanty Home

A shanty home occupied by Roy Holland off Route 45 near the Pleasant Valley Rd. was destroyed by fire Tuesday night at 11:30, according to Wellsville firemen.

Holland and two other men, Junior Binegar and Ray McWilliams, were asleep when the fire started but they escaped uninjured, firemen said. The building is located on property owned by the McLain Fire Brick Co., Refractories Division of the H. K. Porter Co., Inc.

An overheated coal stove caused the blaze, firemen said. Loss to the contents was set at $200. The fire had started burning through the roof when firemen arrived.

A small grass fire along the East Liverpool - Wellsville super - road about a half mile east of Silver Switch was extinguished at 9:10 p. m. Firemen said a cigarette tossed from a car probably started the fire.

110 Children Attend Chester Church Party

Some 110 children attended the annual Christmas party of the Chester Westminster United Presbyterian Church sponsored Tuesday night at the church by the Men's Fellowship.

Santa Claus distributed treats and carols were sung. Raymond Stevens screened slides. Refreshments were served. Lloyd Mansfield was chairman.

Auto Owner Fined

Art Thrasher of 16th and Main Sts., Wellsville, was fined $25 for hindering, annoying and delaying an officer in his line of duty at a hearing Tuesday night before Mayor William J. Shoub of Wellsville. Thrasher is the owner of a car which sheared off a fire plug at 16th and Commerce St. Saturday morning. He wouldn't comply to orders of the arresting officer and refused to give correct information about the car, police said. He later failed to appear for a hearing for Ron Talbott of Aten Ave. who was driving the car, police said.

Annual Report Given USPA

Wells Reviews Settlement Of Strike

The history of a 23 - day strike in late spring — the first general work stoppage in the dinnerware industry in 37 years — was reviewed by Joseph M. Wells, labor committee chairman, in his annual report to the U. S. Potters Association Tuesday in Pittsburgh.

Reporting at the 81st annual meeting of the manufacturers' group, Wells reviewed negotiations with the International Brotherhood of Operative Potters that led to a settlement of the strike early in May with a contract that runs until Dec. 1, 1960.

BUT MANAGEMENT and union still have been unable to agree on a new seniority clause in the contract, Wells said. He charged that IBOP officers have "advised their members to refuse to comply with the terms of the contract they had signed."

Wells also reviewed several minor work stoppages that hit individual plants within the last year. He declared that the IBOP should "establish specific fines and penalties for violations of the contract that result in wage losses to their own members.

The text of his report follows:

—:—

"DURING THE 30 years your present chairman has held office, this is the first time it has been necessary to report an industry-wide strike. It is, of course, painful to be compelled to bring attention to the end of such an enviable record, but fortunately the strike was of comparatively short duration.

"During a week of negotiations with the Brotherhood representatives here in Pittsburgh, we refused to agree to any increase in wage rates or fringe benefits. The financial reports of our members made it clear any increase in costs would force a price advance which could only mean a loss of business and of work opportunities for our employes. In spite of the serious unemployment that occurred after the last wage increase in 1957, the union refused to accept a renewal of the terms of the expiring agreement and its members failed to report for work on April 15.

—:—

"WITHIN A FEW days, the government sent out a mediator and during the following three weeks we held a series of meetings with him and the Executive Committee of the International Brotherhood of Operative Potters.

"During this period, the companies manufacturing china — and no longer members of our association — signed a new agreement granting a wage increase of 6 cents per hour plus various fringe benefits.

"On May 6 we agreed to a similar contract calling for a wage increase of 6 cents per hour, three additional paid holidays, making a total of 5, and the elimination of the deduction of 10 per cent of international dues by the collecting company. The employes returned to work on May 7. The new contract expires Dec. 1, 1960.

—:—

"IN ADDITION to these changes, there were certain modifications of the seniority and lay-off clauses agreed to.

"A great deal of time was spent in our numerous meetings in working out the exact wording of the new seniority clause, yet within a few days after the agreement was signed, the officers of the Brotherhood advised their members to refuse to comply with the terms of the contract they had signed. Strangely enough the position they took was directly opposed to the best interests of their older members.

"This situation brought on several additional meetings, but no change in the indefensible position of the Brotherhood. And there it stands today. Some of our members are complying with the provision as it is written and others, we understand, are following the demands of the union officers.

—:—

"LAST FEBRUARY THE Homer Laughlin China Co. was closed down for 10 days when a picket line was set up by gold stamp girls of the decorating department who walked out on an illegal and unauthorized strike in an effort to displace underglaze decorating girls who were applying a certain type of decoration to bisque ware.

"In spite of their admission the strike was unauthorized and contrary to the provisions of our wage agreement, the officers of the union refused to order the picket line discontinued or to instruct their members to disregard it. It was necessary for the company to get a court order to eliminate mass picketing and interference with non-union employes who desired to go to work.

Brotherhood officers finally agreed to order the strikers back to work with the understanding the dispute would go to arbitration. Needless to say, the arbitrator's award was in favor of the underglaze girls.

"Work stoppages of a few days occurred during the year at the Salem China Co. over a decal dispute; at French-Saxon China Co. over a finishing situation and at the Edwin M. Knowles plant over kiln placing. The grievance at the French-Saxon Co. went to arbitration with the result the company's position was upheld.

In all of these cases, the work stoppage was contrary to the provisions of our wage contract and totally unnecessary to settle the dispute involved. Had the employes followed the grievance procedures of our wage agreement, the settlements would have been exactly the same and they would have saved for themselves and their fellow workmen more than $100,000 in wages.

—:—

IN VIEW OF THE oft - repeated statements by the Brotherhood officials that they insist their members must live up to all clauses of the agreement, it is difficult to understand why they do not follow the example of so many other unions and establish specific fines and penalties for violations of the contract that result in wage losses to their own members.

It is a pleasure to report that the reactivation of the master shop committees, at least in the Liverpool plants, seems to have had a softening effect on the unreasonable demands and grievances that came so frequently from a single individual or a small group.

"Our standing and discharge committees have continued to perform their duties in the same excellent manner as in the past and deserve the sincere thanks of all of us."

65 Attend Bank's Christmas Party

Approximately 65 attended the annual Christmas party of the First National Bank Monday night at the Country Club.

Robert Milby was general chairman and master of ceremonies.

John Allison gave the invocation for the buffet dinner.

Greetings were extended by Robert E. Boyce, president, and James Reaney, executive vice president.

The program included skits, poetry and monologues presented by the guests. Collin L. Neal was program chairman, assisted by Mrs. Barbara Watkins, Mrs. Sally Smith, Miss Dolores Foley, Miss Gilda Davis and Mrs. Faye Allison.

Frank Richmond was in charge of decorations and program booklets were made by Mrs. Barbara Goodballet, Mrs. Jane Dickey and Mrs. Erma Rambo.

Milby was assisted by Ross Jackson, Mrs. Jo Ann Donaldson, Mrs. Goodballet and Miss Helen Duffy.

The first building in America, which was devoted wholly to the theater, was the Dock St. Theater in Charleston, S. C., built in 1736.

The committees include publicity, Bob George and Dan Richards; ticket sales, Sheridan Battistelli, Darrell Smith, Wayne Locke, John Hall, Wayne Ganas and Jim Coffman; equipment, Tom Fannin and Dave Pepin; records. Keith Nelson and Ernie Pletcher, and ticket printing, Richards.

Due Yule Bonuses

CININCINNATI (AP)—The U. S. Shoe Co., of nearby Norwood, plans to distribute $1,347,969, its all-time high, in profit-sharing and Christmas bonuses to about 4,500 employees. Joseph S. Stern, president of the women's shoe firm, said the sum reflects an all-time high in sales—an estimated 50 million dollars for the year.

Won't Run Again

WARREN, Ohio (AP)—T. Herbert Thomas announced Tuesday he will not run for re-election as Trumbull County sheriff. Thomas, a Republican, was elected in 1952 and re-elected in 1956.

Can Keep $10,000

CINCINNATI (AP)—Bayard S. Shumate can keep the $10,000 he found in a treasure hunt in his uncle's attic, Probate Judge Chase M. Davies ruled Tuesday. But the judge said $16,114 that Shumate found in a safe in the home of his uncle, Dr. E. V. Stewart, goes into the uncle's estate. Shumate said the doctor, also a business associate, had given him the combination to the safe as well as a map for the treasure hunt.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm burning up at that busybody who sounded off about girls who HAD to get married. These big-mouth gossips so often count wrong and blacken a girl's name for no good reason except that they like to talk.

I was married in a church. We had a big wedding and I wore white and deserved to, if you get the point.

I became pregnant the first week of my honeymoon and our baby was born exactly two days less than nine months after the wedding. The gossips in town were certainly busy counting and a few had the nerve to mention to my mother that "I was a few days short."

Any doctor will tell you a baby can be two weeks early as well as two weeks late. So let the busybodies read this and think twice before they try to ruin a girl's name.—EARLY BIRD.

Dear Early Bird: From the way the mail ran on this subject, there are more early babies than late ones.

You are correct, of course, and thank you for writing.

No Kissin' King

Dear Ann: I finally got the nerve to write you this letter. I will make it short and snappy.

My husband comes from a large family. There's always a wedding, confirmation, birthday, funeral, anniversary or something doing. These are the kissin'est people I've ever seen. I come from a family that is somewhat reserved. We love and respect each other but we don't kiss hello and goodbye.

I prefer to shake hands but my husband says his family would consider this an insult. They think I'm stuck-up as it is.

Shall I kiss them even though it makes me uncomfortable? Or shall I be natural and extend my hand? —NO KISSER.

Dear No Kisser: Don't kiss just to be polite. You aren't fooling anyone. Feeling as you do, your hello and goodbye kisses are probably as cold as the handles on a steel casket. Shake hands and let it go at that.

Beauty Lover

Dear Ann: I know this problem is ridiculous but it's been a real worry and I need outside help.

I belong to a top sorority and attend Oklahoma State University. I'm a good-looking girl who has plenty of dates. The problem is I simply cannot get interested in a fellow unless he is handsome. I know it's wrong but fellows who are homely are repulsive to me.

The awful thing is that I've fallen for several boys who were handsome and then couldn't stand them because they were stupid, boring or two-timers. You'd think I would have learned my lesson, but no — I still am imprseed by good looks. Can you help me? — SUPERFICIAL.

-:-

Dear Superficial: People who look for looks have a false sense of values which date back to early childhood. Since this is a deep-rooted emotional thing you may never overcome it completely but you can help yourself by understanding and recognizing it as a personality defect.

Make a conscious effort to rule looks out. And talk to people who have been married a while and ask them how important looks are in marriage. You'll find that beauty is indeed, in the eye of the beholder.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Youngstown's Control Tower Held Inadequate

YOUNGSTOWN, Ohio (AP) — The Federal Aviation Agency claims the present control tower at Youngstown Municipal Airport is inadequate and the government is willing to pay half the cost of building a new $200,000 tower, says Airport Manager Donald F. Glass.

Glass said Tuesday the FAA proposes a 50-foot tower, five stories high and with a glass-walled top story. This would give air traffic controllers an all-around view.

Arrested For Checks

IRONTON, Ohio (AP) — John Studenka, 46, of Portsmouth, was arrested here Tuesday on two state warrants charging him with passing worthless checks. Police said Studenka, a former highway patrolman, is also wanted in Chillicothe on similar charges.

Restraining Order Against Liquor Division Denied

COLUMBUS, Ohio (AP)—A restraining order to prevent the state liquor department from canceling or restricting 97 permits in the Cleveland area was denied Tuesday in Franklin County Common Pleas Court.

James F. McManamon, a Cleveland attorney, sought the action in behalf of 12 plaintiffs among those who hold the 97 liquor permits in 24 Cleveland East Side precincts. The precincts voted dry in last month's election.

McManamon said the suit attacked the constitutionality of local option laws and claimed the proposed administrative action by the liquor department would unjustly deprive permit holders of their property.

Fred Rose, liquor department permit chief, said work on issuing cancellations and restrictions of the permits will begin today and will take a week to complete.

Judge Cites 3 Boys

CLEVELAND (AP) — "Sheer, senseless vandalism," Judge Albert A. Woldman of Juvenile Court called the spray-painting of 16 cars last Nov. 20 by a trio of West Side 16-year-old boys. The judge ordered them to pay damages of more than $1,000, revoked the driving rights of the boy who drove them around on the night of the vandalism, and committed them to a detention home while parents seek placement in other schools.

County Board Urges Older School Entry

LISBON — An older school enrollment age for first graders in Columbiana County rural schools was recommended and a salary increase for County Supt. James McBride was authorized by the County Board of Education Tuesday night.

The board proposes all children entering the first grade in 1960 must be 6 years old by Oct. 1, and must be 6 by Sept. 15 in 1961. The present requirement is that a child must be 6 by Nov. 1.

The recommendation was based on a study of learning readiness and other factors by a number of college research groups.

A $500 a year salary increase was authorized for Supt. McBride effective Jan. 1, making his total salary $9,000 with a $600 a year travel allowance.

Discussion was held on a section of the Hillcrest area which was not transferred from the Southern Local District to Wellsville earlier this year.

Members studied the possibility of merging the small area with Beaver Local School District to ease transportation problems for the students, but no action was taken.

Supt. McBride presented to the board a suggestion from Supt. Paul Smith of Salem that schools co-operate in establishing central classes for area children handicapped in hearing and sight.

At present, the nearest facilities for each youngsters are located at Steubenville, Youngstown or Canton. It was reported the state will furnish most of the salaries for special teachers.

McBride also discussed a recent state proposal to provide two-year technical institute classes for high school graduates unable to attend college. He said statistics show between 65 and 70 per cent of high school students do not attend college, but may be interested in a trade school.

McBride, in reporting on a Beaver Local bus drivers' workshop slated Monday night, said he will suggest all county buses with indented blinker lights have a 2-inch black ring painted around the lights to make them more visible in bright sunlight.

Mrs. Marilyn Solak, county high school supervisor, and Loren Ruff, elementary supervisor, discussed courses of study to be given county teachers, but the board took no action. Members are expected to act on the courses after further study of the two 350-page manuals.

McBride reported on the County Health Department's activities in the schools during the current term. The report showed 61 bus drivers examined, 575 first grade physical exams held, and 334 immunizations, 194 vaccinations, 528 Mantua tuberculosis tests and 1,227 polio shots administered. School nurses made 73 school visits and Dr. C. S. Palmer, commissioner, made 48 school visits.

Dan Furey of Hanoverton, board member-elect, attended. The board will meet Jan. 16.

PANEL MODERATOR. Robert H. Hinds of Pittsburgh, a certified public accountant, will moderate a panel on financial reporting for large and small businesses at the meeting of the Beaver Valley Chapter of the National Association of Accountants Thursday night at 6:30 at the Penn-Beaver Hotel in Beaver.

When you are preparing garlic bread, you'll find that one or two cloves of garlic (crushed) will be plenty to add to a quarter pound (one-half cup) of butter or margarine.

Rotary Club Hears Priest

Fathers Urged To Resume Control Of Their Families

Fathers play a major role in bringing harmony and moral strength to the American family but they must stop delegating authority and step more clearly and more firmly into the picture, Fr. John Lyons told the Rotary Club Tuesday.

The pastor of the Immaculate Conception Catholic Church of Wellsville emphasized that the disappearance of family life in America can be attributed to the diminishing role of the father as the head of the family.

Linking his talk with Christmas season — "A Time for Family Life" — Fr. Lyons told the club at its luncheon in the Travelers Hotel that outside attractions have severely weakened the American home.

"There is no doubt that the structure of the home has progressively weakened," Fr. Lyons declared, "as no longer does it exert any real moral force, simply because it is shallow to the core."

He pointed out that juke box hideouts, movies, television and civic and recreational organizations monopolize the parents' time and take attention away from the youngsters.

"Children from so-called good homes must compete with television for Dad's attention, with the social calender for Mom's interest, and sometimes with the economics of both parents working outside the home.

"Add to these disconcerting factors the irreligious and often sinful entertainment to which our youth are subjected, and one realizes that not all the fault must be placed upon the young people.

"The main cause is the disappearance of family life, and especially the diminishing role of the father as the head of the family," Fr. Lyons asserted.

"The family center, with its responsibilities is home and nowhere else," he continued. "Some parents think that children are well taken care of if they attend church on Sunday," he added.

"But what about the other 167 hours of the week?" he questioned. "Certainly, attending church and offering our worship to God is wonderful and is much desired, but it does not free the parents from their responsibilities," he declared.

Fr. Lyons pointed out that "The answer rests with the parents." It is on them alone that responsibilities rest. Only parents can make a real family, and it is from the family that moral righteousness and an effective living must come."

The home must be a place of love, authority, obedience, understanding and respect; fathers must pray with their children and maintain a strong and healthy family life to keep our nation spiritually strong, he concluded.

Born in Mayo County, Ireland, Fr. Lyons was graduated in 1946 from St. Patrick's Seminary in County Carlow, Ireland. He has served as assistant pastor at St. Ann's and the Immaculate Heart of Mary Churches in Youngstown and St. Aloysius in East Liverpool.

PTA To Hold Polio Clinic

A second polio clinic for children in the Southern Beaver County Joint School District will be held Jan. 7, Mrs. Ella Jean Sloppy, general chairman, announced at the meeting of the Parent - Teacher Association Monday night at the South Side School.

Mrs. Virginia Searight will be chairman of the clinic, Mrs. Sloppy said, and pointed out children who missed the initial clinic may receive their first shots next month.

Mrs. Searight, ways and means chairman, announced the birthday calendars are ready for distribution. Charles Gosnell, president, presided.

The program featured the theme, "Your School Cafeteria and What It Does for Your Child." A discussion was held by a panel composed of Victor Thomas, supervising principal; Mrs. Robert Wilson, cafeteria manager of Findlay School; Mrs. J. W. Patterson, manager of the South Side cafeteria, and Mrs. Wayne Swearingen, head cook of the elementary cafeteria. Charles Ryland, program chairman, was moderator.

The Rev. Donald Huston, who has resigned as pastor of the Mt. Olivet United Presbyterian Church to accept a position in Philadelphia, led devotions and read the "Christmas Story."

Refreshments will be served by Mrs. Frank Matchett, social chairman, and committee. The next meeting will be Jan. 11.

School Students At Georgetown To Hold Yule Event

Pupils of both rooms of the Georgetown elementary school will hold their Christmas program Thursday at 1:30 p. m.

Mrs. Charles Shane and Mrs. Clifford Hall, teachers, will be in charge and present pupils with gifts. The Parent-Teacher Association will furnish treats. There will be a Christmas tree and Santa Claus will distribute the gifts.

Room 1 will present a play, "Under the Christmas Tree." "Christmas Pennies," will be the title of Room 2's play. There will be a dialogue ending with singing by four pupils.

There will be readings and Jo Ann McHaffie will accompany carol singing. Judy Nash will accompany a girls chorus.

Mrs. Louis Wagner will accompany "Silver Bells," "Rudolph the Red-Nosed Reindeer" and other carols. .

2 Girls Killed By Car

MANSFIELD, Ohio (AP)—Beverly McClelland, 16, and Judy Shrewsberry, 12, both of Mansfield, were injured fatally when they were struck by a car Tuesday night as they walked along Ohio 39. Sheriff's deputies said the car was driven by Lee Wise, 28, of Lexington. The mishap is under investigation.

Kyl Elected To Congress In Iowa Vote

OTTUMWA, Iowa, (AP)—Iowa's newest Republican congressman plans to get together with Midwest farm leaders to succor the Eisenhower administration's agricultural program, which he says in ailing.

John Kyl, 40, a Bloomfield clothing merchant, won the Iowa 4th District seat in a special election Tuesday over Democrat C. Edwin Gilmour, Grinnell College political science professor.

Unofficial totals showed Kyl polled 28,336 votes to 25,804 for Gilmour. The election was hailed nationally as an indication of Midwest feeling toward policies of Secretary of Agriculture Ezra Taft Benson. Both candidates, however, had heaped criticism on Benson during the campaign.

Republican National Chairman Thurston Morton jubilantly declared the victory indicated GOP resurgence after defeat in the 1958 congressional election.

The special election to fill the unexpired term of the late Rep. Steven Carter marked the return to the Republican column of the district after little more than a year.

Union Officials Say It Will Have Strong Picket Line

MIDDLETOWN, Ohio (AP) — Union officials say they'll have a strong picket line on hand today in case Magnode Products Co. tries to resume production with new workers.

Employee members of the Machinists' Union struck against the plant last Thursday.

Company officials said Tuesday they won't negotiate unless the men go back to work. The strikers voted to continue their walkout until a new contract is reached.

Marvin Wright, president of the union local, said the company sent registered letters to its workers ordering them to be back on the job at today's 8 a.m. shift or be subject to replacement.

Wright said he expects no new development in negotiations before a conference with a federal mediator in Cincinnati Thursday.

About 85 employees are affected by the walkout.

Proposal Defeated

ELYRIA, Ohio (AP)—By a 78 to 59 margin voters in two precincts of suburban North Ridgeville Tuesday defeated a proposal to detach a 1,500-acre parcel of their 13-month-old village. Creation of the proposed new township on the village's southwest corner would have opened the way for its annexation by the city of Elyria.

Contracts Let On 50 Meters And New Auto

The Board of Control awarded contracts Tuesday afternoon for purchase of a new station wagon for use of the fire department and 50 parking meters for use on 2 new off-street lots and replacement of old equipment.

The contract for the fire department vehicle was given to Parsons Sales & Service of Market St., which offered a 1960 Studebaker Lark four-door 8-cylinder station wagon for $2,887, including automatic transmission and heavy duty features specified by the city.

The other bidders were: Mike Turk, Inc., of E. 6th and Walnut Sts., which offered a Chevrolet for $2,946 and a Buick for $3,531, and Carroll Motor Sales, Inc., of Dresden Ave., which bid $3,101 on a Ford.

The contract for parking meters went to the lone bidder, Kountz Equipment Co. of Pittsburgh, on its net offer of $2,325, including a $7 trade-in for each of 50 old meters.

As funds are available for outright purchase, the city expects to take advantage of a 5 per cent discount for cash, which will knock another $116 off the delivered price, Safety-Service Director Joseph F. Ross said. He and Mayor Fred P. Lawrence awarded the contracts on the basis of bids opened last Friday.

Twenty-four of the new meters will be used on two municipally-owned lots at 3rd and Market Sts. which are being converted to off-street parking. The remaining 26 will be used for replacement of an equal number of the "automatic" meters which have been in use since 1947, the director said.

The meters used on the lots will allow a maximum parking time of 10 hours at 5 cents hourly. Although unmetered, the lots have been in use for more than a week. The lots were surfaced with blacktop several weeks ago, parking spaces were marked off with white lines and "bumper" strips were placed at the boundaries.

Salem Delays Pay Tax At Chamber's Request

SALEM — City Council Tuesday night delayed final action on a proposed six-tenths of one per cent income tax at the request of the Salem Area Chamber of Commerce and private individuals.

After giving a second reading to the measure, which is designed to bring the city an estimated $180,000 annually, Council decided to hold a public hearing on the issue Dec. 23.

The chamber told Council the group wants "a little more time" to study the proposal.

Council had expected to adopt the measure prepared by the J. Emerson Davis firm of Youngstown at the meeting last night.

Conviction Upheld

YOUNGSTOWN, Ohio (AP) — The conviction of Dr. John E. Allgood of New Middletown for abortion was upheld Tuesday by the Seventh District Court of Appeals. All-good was sentenced to one to seven years after a jury trial last year.

4 Youths Held To Grand Jury

WEIRTON — Four youths — two from Steubenville and two from Weirton — were bound over to the January Grand Jury when arraigned Tuesday afternoon before Municipal Judge Norman D. Ferrari Jr. on charges of breaking and entering.

Being held in County Jail in New Cumberland under $5,000 bond each are Edward Huggins, 18, and Thomas J. Aleksiejczyk, 18, both of Steubenville, and James Lowe, 20, of Weirton.

A 17-year-old Weirton juvenile made $5,000 bond and was released pending Grand Jury action.

The quartet is accused of breaking and entering the Schenley Jewelry store early Monday morning and taking two guitars valued at about $250 each.

Police also arrested Bruce L. Martin, 21, of Weirton for investigation of the alleged theft but released him Tuesday.

Police found the guitars in the trunk of an auto in which Huggins, Aleksiejczyk and the juvenile were riding. One of the trio later implicated Lowe in the breaking and entering.

Martin was arrested near the jewelry store and had been drinking, police said.

Two of the four youths are believed on probation in Ohio and Florida, respectively, for previous offenses.

Tito Late In Reply To Mr. K's Greetings

MOSCOW (AP)—Soviet Premier Nikita Khrushchev sent President Tito greetings on Yugoslavia's national holiday last month, but Tito took almost three weeks to reply.

Their exchange was published in Moscow newspapers today.

There was no explanation for the delay.

Home Flower Arranging Is Topic For PTA

"Christmas Decorations for the Home" was the theme of a talk by Mrs. Clarence G. Green of the East Liverpool Floral and Dahlia Society meeting of the McKinley Parent-Teacher Association of Wellsville Monday night.

She presented different types of arrangements for the mantle, buffet, table and suggested ideas on making use of material at hand. Mrs. Betsy Erwin played for group singing of Christmas carols led by Mrs. Grace Fraser.

During business conducted by Jack Lanam, president, members discussed the Christmas treat and orange drink to be provided by the PTA for the Christmas party in each room.

The ways and means committee reported $42 realized from the homemade bread and rolls sale before Thanksgiving. A planning meeting Jan. 8 at 8 p. m. in MacDonald School for the combined PTA meeting Jan. 18 in the same school was announced. Presidents and social and program chairmen of the McKinley, Garfield, MacDonald and Hillcrest PTAs and the Confraternity of Christian Mothers are expected to attend the planning meeting. Judge Louis Tobin will be the speaker at the combined session.

The attendance banner was won by the first and second grades of Mrs. Hazel Fraser and second grade homeroom mothers served refreshments.

Firemen At Industry Re-Elect Noah Luster

Noah Luster was re - elected president of the Industry Township volunteer fire department at a meeting Friday night in the fire hall. Other officers elected include Louis Phillips, vice president; George Sullivan, secretary, and Jerome Doyle, treasurer.

Brief business was conducted by Luster.

The next meeting will be Jan. 14 in the fire hall.

James Flasco Heads City Democratic Club

The Democrat Club elected new officers at a meeting Tuesday night in club quarters on Mulberry St.

They are James Flasco, to succeed Larry Finlay as president; James Moore, vice president; William C. Rea, secretary; Herbert Combs, re - elected treasurer, and Joe Lomba and Frank Bennett, trustees. Officers serve one year and trustees three.

Don Gosney, Columbiana County Democratic chairman, will install officers at the next meeting Jan. 19.

Finlay presided.

East End Girl Suffers Injury

An East End girl, injured at home, and a Hookstown youth hurt while wrestling at school were admitted Tuesday to City Hospital, where two women and a man were treated yesterday and today after separate mishaps.

Brenda Samberson, 9, daughter of Mrs. Eva Lee Samberson, 1624 Cleveland Ave., is in "fairly good" condition with a laceration and possible fracture of the right arm received yesterday afternoon when her brother fell on her.

Thomas Wright, 14, son of Mr. and Mrs. Thomas Wright of Hookstown, is in "good" condition with a possible concussion received when he fell on his head while wrestling at school. He is a freshman at South Side High School.

Mrs. Hattie Herman, 406 Midland Ave., Midland, was treated at 6:25 a. m. today for a laceration of the left leg suffered when she fell off a step at a neighbor's house.

Mrs. June Newlen of Chester R. D. 1 was treated last night for a laceration of the right hand suffered on a glass while washing dishes.

Clayton Cunningham, 22, of Bloomfield Rd., an employe of the Smith & Phillips Co., was treated for a laceration of a finger when caught in a truck lift while at work.

Wellsville Youths To Hold Crowning

A king and queen will be crowned Saturday night by the Intermediate MYF of the Central Methodist Church of Wellsville during a program at the Hillcrest Community Hall.

The king and queen will be selected from 10 finalists who have completed projects in a contest.

Candidates are Darrell Stover, Charles Malone, Larry Smith, Tommy Malone and Dick Call and Shirley Mercer, Linda Smith, Karen Maylone, Fay Pickens and Judy Watkins.

The program will begin at 7 and will be open to the public. Mrs. Betty Smith, councilor, will crown the king and queen at 8:30.

Following the program, the group will hold its annual Christmas party.

Clarkson Grange To Hold Dinner, Gift Exchange

A Christmas gift exchange will be held at a coverdish dinner meeting of the Clarkson Grange Thursday night at 7 at the Grange Hall. A business session will follow the meal, Carl Daiger, master, reported.

A turkey dinner will be served at a meeting of the Friendship Class Saturday night at 7 at the Clarkson Presbyterian Church. Mrs. Dorothy Davis will be in charge of the dinner. A Christmas gift exchange will be held.

A Christmas program for the Presbyterian Church Sunday School will be arranged and rehearsed at a meeting of the executive committee of the United Presbyterian Church Women Friday night at 7:30 at the church. The choir will also rehearse.

Annual Christmas Assembly Held By High School Students

The annual Christmas assembly for East Liverpool High School was held this afternoon at Memorial Auditorium with the orchestra and concert choir featured.

Donald C. Allen, director of instrumental music, and E. King Mathews, director of vocal music, were in charge of the assembly.

The orchestra played "A Christmas Fantasie" and "Quiet Christmas" while the choir sang "A Musical Christmas Card" and "Fum, Fum, Fum."

The madrigal singers presented "God Rest You, Merry Gentlemen," "Away In a Manger" and a Christmas hymn. The girls' ensemble sang "Sleep Holy Child," "Low How a Rose" and "Bring a Torch."

Students joined the choir and orchestra in "O, Come All Ye Faithful" and the choir closed the program with "Silent Night."

The program opened with the national anthem and pledge of allegiance.

A Christmas party for high school students will be held Friday afternoon at 2:45 at the MA under the sponsorship of the Student Council.

The committees include entertainment, Kenneth Miller, chairman, Craig Burbick, Tim Archer, Jane Swoger and Barbara Boice; refreshments, Beth Breeze, chairman, Robert Stewart, Jean Kapp, Jean Sauerbrei, Joyce Massey and Rick Cable; records, Bruce Davis, and cleanup, Tom Wallace, chairman, Carolyn Rockwood, John Detchon, Martha Schmidbauer, Dave Pepin and Robert Fry.

Johnson Talks Like Presidential Candidate Again

FORT WORTH, Tex., (AP)—Sen. Lyndon B. Johnson (D-Tex) talked like a candidate again Tuesday night and told a banquet in his honor that the nation "must have something better than reaction and red eyes."

The Senate majority leader made only one veiled reference to his position as a potential candidate for the Democratic presidential nomination.

He said President Eisenhower in introducing him and Speaker Sam Rayburn (D-Tex) to Soviet Premier Nikita Khrushchev said: "Both these men are from Texas, just as I am."

Then Johnson pointed to the press table and said, "and you fellows say no man from Texas can be elected president?"

The senator told the crowd of 2,000 that he intends "to participate to the fullest" in what he said next year will be some of the most vital decisions in the nation's history.

"I believe that we must bring America in off the golf course of today's conservatism and keep it out of the smoke-filled rooms of today's liberalism," he said.

Get Pay Increase

CINCINNATI (AP)—Christmas came early Tuesday for about 2,200 county employes in a five per cent blanket pay increase approved by county commissioners. The increase, effective Jan. 1, is expected to add $390,000 yearly to payrolls.

Nelson Wright To Head City's Dimes Appeal

Nelson V. Wright, 321 W. 4th St., associate manager of the Western & Southern Life Insurance Co. agency here, will serve as East Liverpool chairman for the annual March of Dimes campaign Jan. 1-31.

His appointment was announced today by Richard G. Brian, southern county chairman of the drive. Brian said he expects to name chairmen shortly to head the campaigns in Wellsville and Salineville.

Married and the father of four children, Wright has been associated with the insurance company eight years. He served six years in Ellwood City before coming to East Liverpool two years ago.

A native of Ellwood City, Wright is a member of the Masonic Lodge there. He also is a member of the Trinity United Presbyterian Church, where he serves as a Sunday School teacher and a member of the session.

Since the Salk vaccine has cut back the incidence of polio, the traditional fund campaign has been broadened to help finance research on arthritis and birth defects. But a large proportion of the proceeds still is used for treatment and rehabilitation of persons crippled by polio before the introduction of the vaccine.

Polaris Firing Marks First After-Dark Test

CAPE CANAVERAL, Fla., (AP)—The Navy launched its Polaris submarine missile on its first after-dark test Tuesday night.

It was the first solid-fuel missile fired at night here and appeared as a bright white shaft in the sky in contrast to the orange ball effect produced by liquid-fuel rockets.

Sources reported the night launching was requested by the Air Force to permit gathering of information on color and intensity of solid-propellant rocket exhausts.

This data is needed to determine the optical tracking requirements for the Air Force Minuteman, a solid-fuel intercontinental range ballistic missile which is expected to start tests here late next year.

Wilson Seeks Reopening Of Struck Plant

MINNEAPOLIS, Minn. (AP)—A panel of three federal judges will be asked today to reopen the Wilson & Co. meat packing plant in strike-troubled Albert Lea, Minn.

Wilson, operating this week on a limited basis with non-union help, is seeking a return to full production without interference from National Guardsmen now carrying out martial law for the sixth day in the southern Minnesota city.

Gov. Orville Freeman, who called out the Guard last Friday after two days of violence outside the Wilson plant, will appear in court as the sole state witness.

Wilson will seek an injunction against Freeman and the Guard to prohibit continued "seizure" of the plant.

Wilson and the striking United Packinghouse Workers of America are scheduled to resume negotiations in Chicago Thursday, the first talks since Oct. 29. The strike began Nov. 3. The contract expired Sept. 1.

The union charges Wilson with refusal to bargain, coercion and intimidation of union members now on strike, engaging in an illegal lockout and demands by the company for illegal individual agreements from its employes prior to the strike.

Firemen Train In Use Of Resuscitation Tubes

Acting Fire Chief James Pelley said today the entire department has been instructed in the use of the new air-way tubes donated by Bloor's Pharmacy.

The tubes are used in most cases in place of artificial respiration and the automatic resuscitator.

Several sets were donated to the city by the pharmacy. Each set consists of an adult and child size tube, which is inserted down the throat of a victim who needs respiration. The rescuer then breathes into the tube.

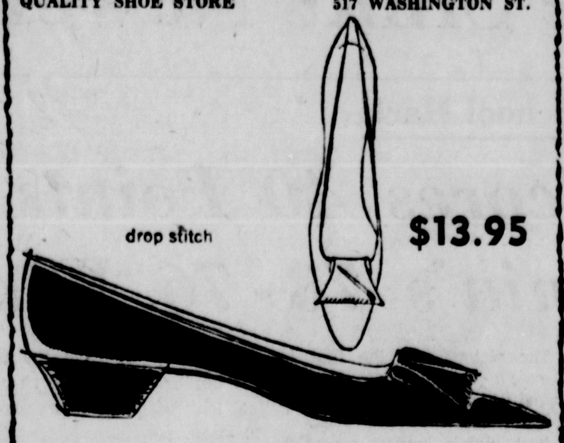

Six sets have been placed on the emergency truck, four sets on the No. 1 pumper truck at Central Station, a set in the chief's car and a set at each of the outside stations — East End, North Side and Pleasant Heights.

Alvin Arner and Fireman Frank Shone of the Red Cross conducted the classes for members of the three shifts at the stations. The firemen also were shown a film on various ways the tubes can be used.

Midland Rolls Over South Hills, 80-61, For 5th Straight

Leopards Hit Blazing 55 Per Cent

By BOB DUFFY
Review Sports Editor

Scorching the nets with a 55 per cent shooting average, the Midland Leopards rolled over a tall Pittsburgh South Hills team, 80-61, before 900 fans Tuesday night at the Midland gymnasium.

The 80 points scored by the redhot Leopards marked their best offensive show of the young season and came in their fifth straight exhibition victory.

Coach George Hamilton's talented cagers took 60 cracks at the rim Tuesday night and hit 33 times.

—:—

THE VICTORY must have been even more satisfying for Hamilton considering that regular Gene Lake, the real sparkplug in earlier games, was home with the flu last night.

Pittsburgh South Hills brought a 3-1 record to Midland and sported a team which included two starters at 6-foot-6.

However, the slower Pittsburgh five couldn't cope with the fast-breaking, sharp-shooting Leopard squad.

The game was close only early in the first quarter and once Midland employed its fast break there was little doubt as to the outcome.

The Midland attack had balance again last night and there were no individual standouts.

Big Movie Smith paced the scoring parade with 16 points, but four other Leopards had double figures to their credit.

—:—

BEHIND Smith were Steve Yetso and Barney Silverman with 14 each, while consistent Carl Anderson dropped in 11 and little Don Migliore added 10.

Silverman again proved his worth as an able substitute. He, along with Allan Oberg, filled in for the ailing Lake.

Smith and Silverman did most of the rebounding for Midland, getting up with the giants from Pittsburgh.

A first-half blitz which saw Midland hitting at a 56 per cent clip carried the Leopards to a 41-24 lead at intermission, allowing them to coast the rest of the way.

The big gun for South Hills was Jerry Bisby, a 6-foot-6 pivot man, who dropped in 22 points to lead all scorers.

Bisby was particularly tough on one-hand push shots from anywhere inside the foul line. He dropped in 10 field goals and a pair of fouls.

Behind Bisby in the scoring was Carl Wade with 14 markers.

South Hills showed a fair shooting team, which turned in a 37 per cent mark.

Both squads jumped off to a fast scoring pace, trading buckets for the first five minutes of the opening quarter.

With about 3 minutes remaining in the period, Smith hit under the basket to put Midland in front 10-9 for a lead it never lost.

—:—

MIDLAND, led by Migliore, the team's playmaker, then began its fast break tactics. Yetso turned in a 3-point play and Anderson followed with a basket to put Midland in front 15-9.

Bisby hit on a one-hander, then Yetso scored followed by Smith's two charity tosses for a 19-11 margin at the end of the quarter.

After Bisby dropped in a fielder to open the second period, Midland scored 10 consecutive points.

The streak was started by Yetso. Anderson, Silverman, Migliore and Smith followed with buckets to build a 29-15 lead for the Leopards.

Smith scored 14 of his 16 points in the first half and wielded a redhot hand, hitting on 6 of 9 attempts from the field during the first two periods.

Hamilton was given an opportunity to substitute at will in the second half. South Hills came within 12 points on two occasions in the third quarter but Midland managed to draw out to a 57-44 margin after three periods of play.

Silverman paced the Leopards throughout the second half, scoring 12 of his 14 points.

Midland made it a clean sweep by walking off with a 51-34 victory in the reserve contest.

Louis DeAngelo was the big gun for the young Leopards with 13 points, while Al Aloi contributed 11 points and Larry Meriage 10.

Chester Nips Cumberland, 48-46; South Side Sinks Newell

Shaffer Hits For 22 Points In First Win

Chester High's Panthers surged in the final few minutes with a flurry of field goals to narrowly squeeze by rival New Cumberland, 48-46, in a furious battle Tuesday night at the Hancock County seat.

Coach Max Tuttle's Panthers had to rally late in the third quarter to stay in contention and eventually pull ahead by the narrowest of margins.

Chester was defeated in its opening game last week by Beaver. New Cumberland's Raiders are now 3-3 for the season.

The action was tense the entire distance and never more than a few points separated the two squads during the second half.

Chester's senior forward Bob Shaffer, hitting consistently on jump and push shots from the corners, sparked the Panthers in their final period drive down the stretch to victory.

Midway through the final period, Shaffer pulled Chester from behind with a jump shot to tie the score at 41-41 and a foul shot by center Blaine Pinney sent the Panthers ahead, 42-41.

Big Ron Haynes, Cumberland's center, hit from the field to boost the Raiders back into the lead, but Shaffer again retaliated for the Panthers on another jumper and Chester edged to a 44-43 lead which it never relinquished.

Bill Mayhew and Gary Daugherty hit field goals in the final minutes to boost Chester to a 48-43 lead which eventually proved too great for New Cumberland to overcome.

The Raiders narrowed the count to 48-44 on a foul shot in the last minute and 20 seconds by Huff. New Cumberland's Charles Miller added a dramatic touch to the thriller by hitting a long, desperation shot at the final buzzer to pull his squad to within two points of tying.

Shaffer, 5-11 forward, pumped in 11 field goals for 22 points which represents the best offensive performance of his career. He's the lone letterman on the Panther squad.

Daugherty backed Shaffer's effort with 13 points, while Pinney added eight and Mayhew three.

Haynes led New Cumberland with a dozen points on six field goals. Fred Huff finished with nine and Kiger eight.

Chester's reserves triumphed in the preliminary, 37-30.

Both Westgate Cage Teams Are Victorious

Westgate Junior High basketball teams were victorious in two games played Tuesday.

Coach Dale Wilson's freshman squad trimmed Beaver Local's frosh, 48-37, as Bruce McCoy scored 22 points and picked off 28 rebounds for the Wildcats.

Westgate posted a 28-25 lead at halftime and went on to win by 11 points. The freshmen, with a 1-1 season record, battle rival East Junior High Thursday at 6:30 p. m. at the Westgate gymnasium.

In an afternoon contest yesterday, Westgate's seventh and eighth grade squad, 29-21, to remain undefeated in two games.

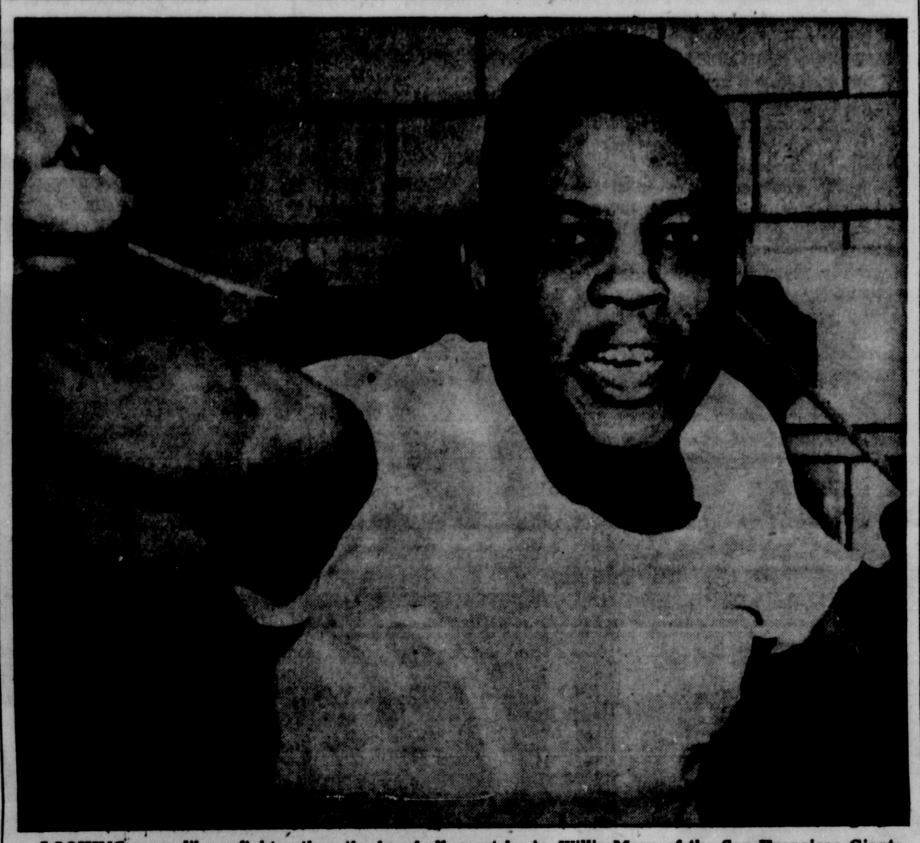

Husky Dave Oliver scored 20 points for Westgate. Earl Olmstead's rebounding sparked the winners in the close battle.

Tall Youngstown Cagers Trip Beaver Local, 80-51

An early spurt in the first period carried a tall Youngstown Woodrow Wilson team to an 80-51 victory over Beaver Local Tuesday night at Youngstown.

Wilson jumped off to a 22-5 lead at the end of the first period, but after that Beaver Local made an even game of it.

The loss marked the third in four games for Coach Jack Frontone's Beavers while Wilson stands at 1-1 for the season.

Beaver Local couldn't overcome an outstanding performance by big Don Milasnovich, a 6-foot-3 cager who poured in 31 points for the Presidents.

Milasnovich hit from any place on the floor, favoring a one handed jump shot.

Lilley added 17 points to the Wilson attack.

After trailing 22-5 at the end of the first period Beaver Local outscored the Youngstown five in the second quarter and trailed at halftime, 36-23.

The President's spurted in the third quarter again to hold a 59-38 margin when the period ended.

Thurm Allen topped Beaver Local in the scoring department with 14 points while Mike Durbin added 13 and Dick Barnhart chipped in with 12.

Youngstown also came out on top in the reserve contest, 58-31.

Rochester Stops Midland Junior High Quint, 36-33

Midland Junior High's late rally was cut short as Rochester went on to win, 36-33, Tuesday at Midland.

Rochester led most of the way, posting quarter leads of 12-8, 23-16 and 30-23.

Berkthiser with 12 and Peel's 11 points sparked the winners while Gary Perkins tossed in 16 and John Cheldanko 14 for the young Leopards.

East Palestine Handed First Setback By Rayen

YOUNGSTOWN — East Palestine's poor shooting accounted for its first loss in three starts when Youngstown Rayen came out on top, 50-38, here Tuesday night.

The Bulldogs managed to hit only 20 per cent of their shots from the field.

Tied 8-8 at the end of the first period, Rayen vaulted in front, 22-14, at halftime and enjoyed a 36-28 margin going into the fourth quarter.

Dom Coppola tallied 18 to pace the winners. Willis Woods, Jerry Bush and Jack Istnick each had 9 points for the Bulldogs.

Ellis And Armstrong To Meet In TV Battle

CAMDEN, N.J. (AP) — Powerful Rudy Ellis hopes to continue his rapid rise into the ranks of middleweight contenders against Ace Armstrong tonight in a nationally televised 10-round fight from Convention Hall.

The bout will be televised by ABC beginning at 10 p.m., E.S.T.

Ellis, 22, of Chicago, belted his way into the limelight last August when he scored a fifth-round knockout over veteran Bobby Boyd. He followed with an impressive 10-round decision over Roray Calhoun for his eighth straight victory. The tenth-ranked slugger is 17-2-1.

The 27-year-old Armstrong, of Elizabeth, N.J., has scored only one knockout in 16 fights but he was undefeated until Last September when he was upset by Dick Tiger. The speedy eighth-ranked picture boxer hopes to beat Ellis to the punch. Armstrong's overall record is 16-1-1.

Rich Ashcroft, Parsons Pace Rams To 3rd

South Side High's sharpshooting Rams raced out to a 25-13 halftime lead on the way to a convincing 67-46 victory over winless Newell Tuesday night on the South Side boards.

The rebound triumph by South Side was its third of the season as against a pair of defeats. The Rams lost their last encounter to tough Burgettstown.

Newell, unable to muster enough scoring power to stay in contention, fell behind at the first quarter, 12-5, and trailed by 12 points at halftime.

It was the fourth straight defeat for Newell which seems to be duplicating last season's ventures when the squad lost every regular season game, but nailed a tournament victory.

Coach John Robison's Vikings now have a week's rest to prime for Beaver Local next Tuesday.

South Side placed three starters in the double figures in reaching its highest point accumulation of the season.

Rich Ashcroft, a veteran, led the way with seven field goals and six of eight free throws for 20 points in one of his top performances of the campaign.

Dan Parsons hit seven goals and four fouls for 18 points and Jim Laughlin added 13 on six goals and a foul. Cecil Frazier with seven, Dan Frasier with five and Quentin Schmidt with a pair completed the Rams scoring.

Bob Stine spearheaded Newell's 17-goal attack with 18 points while Larry Hutton finished with 14.

Newell salvaged the reserve game by triumphing over South Side's Jayvees, 34-28.

Within 1-Point Of School Mark

Radler Scores 40 Points In Leetonia's 78-76 Win

FAIRFIELD — Lee Radler came within one-point of the school record by scoring 40 points as Leetonia squeezed past Fairfield-Waterford, 78-75, here Tuesday night.

The Leetonia school mark is held by John Mandish who tallied 41 points twice during the 1955-56 season. Mandish, who attended Pitt, is now playing at Youngstown University.

Radler's performance was outstanding scoring feat in the district so far this season.

Hitting from everywhere in the front court, Radler made almost 70 per cent of his shots.

His total showed 14 field goals and 12 of 15 foul shots.

The victory was the first for Coach Len Batcha's Leetonia squad which lost an overtime battle to North Lima last week.

Last night's contest was tight in the second half as Fairfield-Waterford came from a 45-32 deficit at halftime to pull within four points, 59-55, after three periods had elapsed.

The Rebels managed to catch Leetonia at 61-61 early in the fourth quarter, but Leetonia went ahead and Fairfield-Waterford never caught up again although trailed by one point with only a few seconds remaining in the contest.

The victory came at the foul line for the Bears. Both teams scored 29 times from the field, but Leetonia dropped in 20 of 33 foul tries while the losers showed 18 of 33.

It marked the second defeat in four games for Coach Bing Newton's Rebels, who were paced by Lee Chamberlain with 20 points and Jim Olnhausen's 17.

Fairfield-Waterford managed to split the twin bill by taking the reserve game, 43-24.

Cincy Offers Washington $500,000 For Killebrew

WASHINGTON (AP) — A million dollars is nice, but good ballplayers are hard to find. That evidently is the new motto of the Washington Senators.

The proof: Owner Calvin Griffith turned down half a million for slugging Harmon Killebrew, who lashed 42 homers last season to tie for the American League title. Then he rejected another half million cash for Camilo Pascual, the Senators' ace pitcher from Cuba.

Both offers came from Gabe Paul, general manager of the Cincinnati Reds.

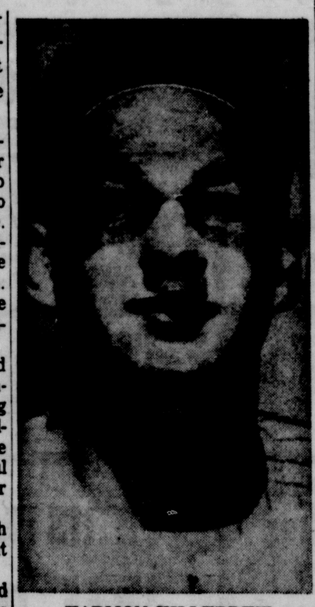

Paul said Tuesday he cornered Griffith under the stands at Washington's Griffith Stadium during an AL game last August. A cloudburst had halted the game. As the deluge drummed on the roof, Paul made his extaordinary cash offer for Killebrew.

Without blinking an eye, Griffith turned him down. As Griffith put it:

"You can't play money at third base." That's where Killebrew is stationed when he is not knocking balls out of the park.

At the minor league meetings in St. Petersburg early in December, Paul repeated his tempting offer and got another no from Griffith. Then Paul offered a similar king's ransom for Pascual, who won 17 and lost 10 last season. He got another no.

Griffith made it clear that no amount of money could make him yield the most promising members of his last place club.

Jewett Halts Indians' Brief Winning Streak

Salineville High's bid to piece together a long winning streak went awry Tuesday night as Jewett led all the way in nailing a 62-47 triumph at the Harrison County school.

Coach Dick Jones' Salineville Indians had won three straight after losing the season's opener to Class AA Springfield by only one point.

Salineville got off to a poor start and could never recover from a 15-9 first quarter lead posted by Jewett. The victors increased the lead to 15 points after three quarters of action, 46-31.

Both squads scored 18 field goals, but Jewett kept up a steady march to the foul line and picked up 26 points on charity tosses. Salineville made 11 foul shots.

Ray Patterson pumped in 27 points to lead Jewett offensively, while Noble added 17 and Gross 13.

Dave Gearin, Salineville's steady scorer, finished with 17 points to top the Indians attack. Big Bud Leatherberry chipped in with 12 on six field goals.

Jewett also triumphed in the preliminary, 45-21.

Stanton Local Knocks Springfield From Unbeaten Ranks

Irons Pick Up 3rd Straight Win In Upset

Stanton Local of Irondale projected itself to a sport among the potential powers in Jefferson County Class A ranks by bumping Springfield local from the dwindling ranks of the unbeaten, 44-42, in a fast-moving, cleanly-played game Tuesday night at Springfield.

Coach Les Douglas' Irons, apparently "jelling" earlier than expected, nailed their third straight triumph after dropping the first two battles of the season.

Springfield's Flying Tigers, a Class AA club, lost their first game of the season after victimizing three straight opponents.

The fast-improving Irons trailed by two points after three quarters of action, 32-30, but pulled ahead to stay at the outset of the fourth period.

The two squads matched bucket-for-bucket in the final minutes but with Irondale leading by one point, guard Lonnie Fraley dropped in one shot of a one-for-one foul and settled the tense battle.

It was Irondale's first victory over the Tigers in two years.

The Irons, with plenty of height in Don Spires, 6-4 sophomore, and big Bob Mills, 6-2, controlled the action by dominating rebounding play.

Springfield had an edge of one in total field goals, 19-18, but was checked with only seven free throws. The Irons dropped in eight of 13 foul shots which provided the victory.

Bill Chetock, Irondale's diminutive playmaking guard, proved his versatility by dropping in 13 points to pace Stanton's attack. Fraley and Spires added nine points each while Mills hit for eight.

Pradelski sparked the attack of Coach Tony Golas' Tigers in scoring 18 points. Finn added 10.

Irondale steps against a new opponent for its next encounter, a home game Saturday night against Hopedale.

Springfield won the preliminary, 40-35.

Arizin Nets 26 To Be 3rd Best All-Time Scorer

By The Associated Press

Paul Arizin finds himself playing in the lanky shadow of the fabulous Wilt Chamberlain these days, but the former Villanova star remains a handy guy to have around.

Pitchin' Paul became the National Basketball Assn.'s third highest all-time scorer Tuesday night when he flipped in 26 points in Philadelphia's 131-107 victory over the Cincinnati Royals at New York.

As usual, rookie Chamberlain was the big man for the Warriors scoring 38 and dominating the boards in the game opening a double-header at Madison Square Garden. St. Louis, with Bob Pettit, Cliff Hagan and Clyde Lovellette doing the heavy work, whipped the hapless New York Knicks 119-110 in the second game.

Arizin's 26 points pushed his career total to 11,781 — moving him ahead of George Mikan, former Minneapolis ace, on the all-time list. The only pro players to score more than Arizin are Dolph Schayes of Syracuse, who has 14,-638, and Bob Cousy of Boston.

It was the Warriors' sixth straight victory over Cincinnati and fourth this season. Cincy's leader again was Jack Twyman, with 31 points.

Pettit had 40 points and Hagan and Lovelette 25 apiece as the Hawks handed the Knicks their 10th loss in 13 home games this season. Richie Guerin had 30 points and Willie Naulls 28 for New York.

Crash Reason Given

FORT WAYNE, Ind. (AP)—Police said Harold Dean Lee, 19, of Payne, Ohio (Paulding County), killed in a highway crash Tuesday, apparently fell asleep at the wheel of his car. It crashed into the rear of a truck on U.S. 30.

Trader Lane Gives Three Players To Get Temple In Last-Minute Deal

By JIM KENSIL

NEW YORK (AP) — Baseball's first inter-league trading period ended at midnight, and—as usual—it was Cleveland's Frank (Trader) Lane who got in the last word.

Just as the tower clock was striking 12 in Cincinnati, Lane and the Cincinnati Redlegs completed a major inter-league deal that sent ace second baseman Johnny Temple to Lane's Indians in exchange for pitcher Cal McLish, fiery infielder Billy Martin, and a promising young first baseman, Gordon Coleman.

Lane's deal made after experts were saying the pennant-winning Chicago White Sox had strengthened themselves most among American League contenders, topped an old-fashioned intra-league deal that appeared to have climaxed the unprecedented three-week inter-league period.

Earlier in the day, Don (Blazer) Blasingame went West from the St. Louis Cardinals to San Francisco—giving the Giants a stronger infield, increased speed and a sound leadoff batter. To get him, the Giants gave the Cardinals infielder Daryl Spencer, who'll play for St. Louis as a shortstop, and outfielder Leon Wagner.

This one and an earlier inter-league transaction probably made the Giants the winter book favorites for the National League pennant.

The White Sox added power at third base and in the outfield, getting Gene Freese, the homer-hitting infielder, from the Philadelphia Phillies, and Minnie Minoso, an RBI man with speed, from the Cleveland Indians.

To get Minoso, the White Sox had to aid the second-place Indians by relinquishing Bubba Phillips, a fine defensive third baseman who can do the job in the outfield, too.

The third-place New York Yankees, apparently stymied both in the National and their own league, once again turned to Kansas City and plucked young, long-ball hitting outfielder Roger Maris. But the Yanks had to part with pitcher Don Larsen, outfielder Hank Bauer and Norm Siebern and first baseman Marv Throneberry, all part-time regulars last season.

The Giants last year traded into contention for the NL pennant when they added pitchers Sam Jones and Jack Sanford. But they weren't quite enough to make it down the stretch. So during the inter-league lapse they grabbed Billy O'Dell and Billy Loes from Baltimore to strengthen both the starting staff and the bullpen. Jackie Brandt went to the Orioles, but the San Francisco outfield remained well stocked with Willie Mays, Willie Kirkland, Felipe Alou and Orlando Cepeda.

The Blasingame deal was a blow to the Braves who have had a second base problem all but two seasons since they moved from Boston in 1953.

Red Schoendienst came from the Giants to Milwaukee in early summer 1957 and spurred the Braves to two straight pennants, but he was missed last year when sidelined with tuberculosis. He may be completely recovered this year but he also will be 37 years old.

The Braves were bidding for Gil McDougald of the Yankees, Frank Bolling of the Detroit Tigers and Billy Martin of the Indians to fill the slot at second. They will be almost impossible to get now with waivers back on. Milwaukee also wanted Blasingame.

DePaul Clicks For 5th Straight Cage Victory

By SHELDON SAKOWITZ
Associated Press Sports Writer

Time was when DePaul's college basketball fortunes and the scoring feats of big George Mikan were mentioned in the same breath.

The 1943-46 Mikan era was a golden one for the Chicago Demons. DePaul won the 1945 National Invitation Tournament after being runner-up the year before.

It might be a trifle early to tell, but the glory days could return in 1960-60. Before the season got under way Coach Ray Meyer said frankly this could be his best club since the Mikan teams.

The undefeated Demons loom as one of the Midwest's independent powers. DePaul posted its fifth straight victory Tuesday night, overwhelming Purdue 87-65 at home.

Howie Carl, Mikan's scoring counterpart, stands a foot shorter than Big George. Carl, a junior, is 5-9½. His 461 points last season surpassed Mikan's sophomore scoring, mark.

The pint-sized backcourt operative clicked for 26 points Tuesday night.

Jack Pirrie sparked Vanderbilt to a 79-67 victory over Georgia, Oklahoma State edged Tulsa 41-40, Oklahoma city turned back North Texas 78-64 on 13 free throws in the last five minutes, Wichita erupted in the second half to whip St. Mary's (Calif). 74-58, Canisius rallied to down Loyola of Chicago 73-68 and a string of 12 points midway in the second half carried Oklahoma to a 65-57 decision over Southern Methodist.

Navy romped over Brandeis 86-57 for its fifth straight, Penn State handed Syracuse its first loss 80-75, Rutgers spurted for a 51-44 verdict over Penn, St. John's (NY) cleared the bench in outclassing Brooklyn College 88-49 and Richmond rolled over Washington and Lee 71-55.

In other games Temple polished off Delaware 73-64, William and Mary bowled over Morris Harvey 95-82, Stetson upset Florida 79-74, Massachusetts jolted Connecticut 62-60, St. Joseph's (Pa.) drubbed Elizabethtown 93 - 69, Niagara routed Florida Southern 73-55, Western Kentucky nipped Morehead 70-68, San Francisco defeated Denver 68-62, Idaho State humbled Texas Western 92-58, Santa Clara thumped Hawaii 63-55, Rhode Island outlasted Boston College 85-80 and Arizona subdued San Diego State 65-50.

One-Sided Series

UNIVERSITY PARK, Pa. (AP) — Penn State's football forces always seem to catch Holy Cross when the Crusaders are at a low point. In the last two games the Nittany Lions have piled up 78 points while holding Holy Cross scoreless. Penn State has won all five games and the Crusaders have scored only 17 points in the five meetings.

Clark Resigns Southern Cal Gridiron Job

LOS ANGELES (AP) — Don Clark, who gave glory-hungary University of Southern California a glimpse of the football fame it once took for granted, resigned Tuesday night.

The university immediately hired a talented but relatively obscure assistant, John McKay, to succeed Clark.

The unexpected announcement triggered speculation — denied by Clark — that there was lingering bitterness within the school over the Mike McKeever incident.

University of California had accused McKeever, a star Trojan guard, of deliberately using his elbows to smash the face of Cal halfback Steve Bates.

Bates was skidding along on his back, out of bounds, when McKeever pounced on him. Clark defended McKeever, but Dr. Norman Topping, university president, apologized. Clark kept silent. Was he bitter?

"Everybody suspects something like that and there's nothing there," Clark said. "I have a wife and seven kids and I like to see them occasionally."

He'll leave SC March 1 to take an executive position with a clothing supply firm run by his brother John.

McKay, 36, a University of Oregon backfield coach and pass defense specialist for nine years, was a star halfback with the Webfoots' 1949 Cotton Bowl club. McKay's defensive backfields have been among the strongest on the coast in the last six years.

He's a native of Everettsville, W. Va., a World War II tail gunner, married and the father fo four children.

Clark, 35, inherited a foundering football dynasty in 1957. The rugged onetime Southern Cal guard (1942-46-47) had been an infantry lieutenant in the war, a lineman with the pro San Francisco 49ers for two years and a line coach at the Naval Academy and Southern California.

In three seasons as USC head coach, he compiled records of 1-9, 4-5-1 and 8-2 for an overall mark of 13-16-1.

Sense Of Humor

ST. LOUIS (AP) — The Braves' Red Schoendienst has a fine honed sense of humor.

Recalling a recent visit to Washington, D. C., in his role as national honorary chairman of the Christmas Seal campaign, Red said:

"I guess everything happens for the best. I never would have gotten to the White House if I hadn't caught TB."

Johansson To Talk About Cooper Fight

LONDON (AP) — Heavyweight champion Ingemar Johansson and his adviser, Edwin Ahlquist, was expected to confer with British boxing promoter Jack Solomons today about a proposed title fight with Henry Cooper.

Solomons said Thursday he is going to make Johansson a "firm offer," believed to be about $200,000, for an outdoor bout May 31 against Cooper, the British champion, at Wembley Stadium. Johansson knocked out Cooper in a European title fight in 1957.

Ahlquist also disclosed before leaving Goteborg, Sweden, that he had received offers to co-promote the proposed Johansson-Floyd Patterson rematch in New York.

In 12 years of coaching prior to this season, basketball coach Frank McGuire of North Carolina had a record of 230 victories and 83 defeats.

Conerly Is New Passing Champion In Pro League

PHILADELPHIA (AP)—Chuckin' Charley Conerly, the old New York Giants pro whom fans once tried to boo out of football, today was named the passing champion of the National Football League. It was his first such title in his 12-year pro career.

As expected, bulldozing Jimmy Brown, the workhorse fullback of the Cleveland Browns, won the rushing title for the third year in a row, final NFL statistics released today showed. And the former Syracuse All-America who has been in the league only three years, broke a record for most carries in doing it.

Ray Berry, the Western Division champion Baltimore Colts' all pro end, took the pass receiving crown with the best mark since 1951.

Green Bay's Paul Hornung wrapped up the scoring title with 94 points on seven touchdowns, 31 extra points and seven field goals.

The passing championship is based on average gain per pass attempted and Conerly had an 8.79 average on 113 completions out of 194 attempts. Conerly netted 1,706 yards and 14 touchdowns on his passing.

Behind Conerly were Earl Morrall of Detroit (8.04) and Johnny Unitas, Baltimore (7.90). Unitas racked up the most yardage (2-899; and most touchdowns (32). He set an NFL record for most touchdowns in one season, bettering by four the mark of Sid Luckman of the Chicago Bears in 1943.

Brown finished the season with 1,329 yards in 290 carries for a 4.6 average. His 290 carries broke the most attempts record of 271 for one season previously set in 1951 by Eddie Price of the New York Giants.

Brown last year set a new NFL rushing record with 1,527 yards.

Runnerup to Brown was J. D. Smith, San Francisco halfback who cranked out 1,036 yards in 207 carries for a 5.0 average. Third was fullback Ollie Matson of Los Angeles, who gained 863 yards on 161 carries for a 5.4 average.

Berry grabbed off 66 passes for 959 yards and 14 touchdowns. He was followed by Del Shofner, Los Angeles; Tommy McDonald, Philadelphia; and Lenny Moore, Baltimore, who tied for second with 47 receptions. Berry's was the best effort since 1951 when Elroy (Crazy Legs) Hirsch of Los Angeles caught 66.

Pat Summerall of the Giants took second in scoring with 90 points on 20 field goals and 30 extra points.

Don Chandler of the Giants finished second in punting with a 46.6 average. The honors went to Yale Lary of Detroit, 47.1.

Upper Arms Need Special Exercise

As the years go by, the backs of the upper arms tend to droop. . . which would seem to shift the blame to Father Time. Any muscle that is not used regularly loses tone. That is what happens to the triceps, the muscle flanking the underside of the upper arm.

By Ida Jean Kain

What do you mean, "not used" housewives may query, as in this note: "I'm a housewife, and my day starts at 7:00 and the work goes on all day. But the upper part of my arms has become fat and flabby, particularly the underside. It's embarrassing. Could you suggest some toning measures?"

Exercises to tighten and tone the triceps have to be exactly in the groove and straight from the shoulder. And that is the clue as to why the muscles on the backs of the upper arms tend to lose tone.

—:—

THE JOKER LIES in the fact that these muscles are not used in everyday routine tasks. The biceps on the front of the arms take most of the action.

If the triceps went out of commission completely, gone would be our ability to extend the elbow forcibly. So there is the exercise technique: Put some force behind a punch.

Sit in front of the dressing table so you can watch the arm action in the mirror. Extend arms forward at shoulder level, fists clenched. Thrust out vigorously with alternate arms. Hit a rhythm. . .get into the spirit of the exercise, really punch!

Test the effectiveness for yourself. Thrusting out with right arm, with the fingers of the other hand feel the action centered through the triceps.

A slight twist can bring the triceps into the action. Hold arms out at shoulder level, close fists and tense arm muscles. Then twist hands until palms are up, arm muscles tense. In this position, make tiny circles with arms at shoulder level position.

Circle 12 times in one direction, 12 in the opposite direction. So as to stay in the muscle action groove, keep the circles very small, about the size of a fifty-cent piece.

—:—

AFTER BATHING, make sure to rub the backs of the upper arms briskly with a rough towel. Or rub this area with coarse wet salt to stir up circulation.

It pays to check into the way you habitually carry your arms when they are down at your sides. Get into the toning habit of having the backs of the hands forward with soft part of elbow toward body.

Experiment and you will see that this involves a slight twist and therefore helps to tone triceps muscles.

Santa and the ICE KING

by LUCRECE HUDGINS BEALE

Synopsis: On their way at last to see the Ice King and talk him into ending the continuous winter, Santa, Oonik and Keotuk the Eskimo dog are preparing to eat and sleep in the igloo Oonik made from blocks of ice.

"It's gingerbread," said Santa, "and it's delicious."

CHAPTER NINE

"This is the finest house I've ever been in," said Santa as he settled down in Oonik's igloo. "Someday I'd like you to make some igloos for me out of toy blocks of make-believe ice. Do you think children might like them for Christmas?"

"Yes," laughed Oonik, "but not Eskimo children, please!"

Santa laughed, too. "Wait until you see what Mrs. Claus has made for you!" He unpacked the bag on the sled. First he gave Keotuk, the dog, a big hunk of raw seal meal. Then he unwrapped a gingerbread man.

"Is it to eat?" asked Oonik puzzled.

"Certainly," said Santa. "It is delicious." And he ate one himself and smacked his lips with pleasure.

Cautiously Oonik bit into the gingerbread man. It tasted like hay to him. He chewed and chewed and at last with much difficulty he swallowed it.

"It is very good," he said politely.

"Have a cupcake," said Santa.

Oonik dutifully ate a cupcake but when Santa offered him another he smiled forlornly and said, "No, thank you."

—:—

SANTA helped himself to cookies and cake while Oonik gazed longingly at the seal meat Keotuk was devouring. Then, Santa understood. He got out Keotuk's meat and cut off a large hunk of raw seal blubber and put it in Oonik's hands. Eagerly Oonik gobbled it up.

Then he smiled happily. "That was good!" he said.

Santa laughed and laughed. "Now I know what to put in your stocking for Christmas," he said.

When they had finished eating they lay down together with Keotuk at their feet and went to sleep.

A long time later they were awakened by a snorting at the other end of the tunnel which led into the igloo. Keotuk sprang to his feet and darted to the tunnel. The sled barred the entrance. The hair on the dog's neck bristled and he began to bark furiously.

"You hold Keotuk," said Oonik. "I'll see what it is."

He pushed aside the sled and crawled into the tunnel. When he got near the far end he looked up and saw the entrance was blocked by a big black nose.

His eyes popping, Oonik retreated into the igloo. "It's — it's a huge polar bear!" he gasped.

Keotuk broke loose from Santa's hold and threw himself at the tunnel. Just in time Oonik propped the sled back in place and the dog clawed uselessly at it.

"What'll we do?" said Oonik. "We'll never get out!"

—:—

SANTA TOOK up Oonik's seal spear and said, "I'll get him." Then, while Oonik tied Keotuk to the sled, Santa slid into the tunnel on his stomach.

But Santa was so fat and the tunnel was so narrow he could only just fit into it. It was impossible for him to move forward. He slid back into the igloo.

"We'll have to make the tunnel larger," he said.

"But then the bear can get in before we can get out," said Oonik. "Let me try going through the tunnel. I am small and I can use the spear without leaving the tunnel."

Before Santa could protest, Oonik slid into the tunnel, pushing the spear along in front of him. By now the bear had punched a larger hole into the ice so that not only his nose but his whole face was poked into the entrance.

When he saw Oonik he sniffed curiously and tried to come closer. Oonik drew back his arm and, using all his strength, gave a mighty lunge with the spear straight at the bear's face.

The great bear jerked his head with astonishment, his jaws opened and closed on the spear, and, with one powerful tug, yanked it and Oonik out of the tunnel.

Court Clears Land For Use As Lake

A petition by a county couple for an injunction against the Ohio Wildlife Division to appropriate their property for the Highlandtown Lake project was rejected by Common Pleas Judge Raymond S. Buzzard Monday at Lisbon.

Judge Buzzard, in ruling against Bruce and Mary Thorne, who have refused to sell 78 acres in Washington Township, declared, "the statutes permitting appropriation of land by the wildlife division is constitutional, and the case shows no abuse of descretion, bad faith or fraud in the desire to purchase the land."

The Thornes claim only nine acres are actually needed for the lake. Wildlife officials said there will be nine acres under water, but other property is needed for a parking area, boat concession, boat ramp, public toilets and possibly a picnic area.

An appropriation suit has been filed by the Wildlife Division against the Thornes, who have turned down a $12,000 offer for the land. The suit is slated for trial later.

Lisbon Woman's 90th Birthday Is Honored

Mrs. Caroline Trotter was honored at a family dinner Sunday at the home of her daughter, Mrs. Martha Apple, of Lisbon in celebration of her 90th birthday anniversary. Open house was held in the afternoon.

She received gifts and cards.

Mrs. Trotter is well for her advanced years and spends much of her time in sewing, having made many quilts and afghans during the last few years.

4-H News

The Columbiana County 4-H awards and recognition committee will meet Thursday at 8 p. m. in the agriculture extension office at Lisbon to review the honor club and individual member award qualifications for 1960.

Donald Myers, county extension agent in agriculture, said routine business will also be transacted. George Davis of East Rochester, chairman, will preside.

About 16 attended a meeting of the Rhododendron 4-H Club Monday night with Paula and Jane Mercer of Fairview Rd., Chester.

The Christmas story was read by Patty Highfield, and selections were sung by a trio, Judy Pugh, Janet Reed and Mary Margaret Anderson. Judy Pugh led carol singing.

Miss Highfield was in charge of games, and Miss Reed, president, conducted business. Lunch was served by Mrs. Elmer Reed, assisted by Mrs. Dale Highfield and Mrs. Delmar Anderson.

The group will meet Dec. 22 at the Mercer home to go caroling. The next meeting will be Jan. 11 with Miss Anderson of Fairview Rd.

1896 Law On Books, But People Ignore It

STERLING, Colo. (AP) — Sterling has a law which can't be enforced — a curfew ordinance.

Back in 1896, it was unlawful here for children under 15 to be seen on the street after 7:30 p. m. from Aug. 1 to May 1. During the summer months, the time was extended until 8:30 p. m.

The law's still on the books, but nobody pays any attention to it.

One councilman sums it up this way:

"If the parents don't want to keep their youngsters home at night, the city would be foolish to try it."

Wrong Man Invited

CONWAY, Ark., (AP) — Lonzo A. Ross was invited as a "loyal Democrat" to attend a party dinner. He declined, expressing appreciation at the invitation — but explaining that he is a member of the Republican State Executive Committee and GOP chairman for his county.

Bringing Up A Family

By GARRY C. MEYERS

Books Make Good Christmas Gifts

Include books in your Christmas gifts for your children — books to read to the tot, two to six, books for the older child to read himself.

By Garry Meyers

Though the best books may be borrowed from the school or public library, every child needs some books of his own. Books to read to the baby and young tot should be in the room where the family spends most time. They should be where the tot can easily get at them and carry them to a parent, older child or babysitter to read to him. On the market are many such books, beautifully illustrated. They include nursery rhymes, poetry, yarns of fancy, stories of everyday experiences, even books presenting fascinating facts of elementary science. To see some of the best of these, go to your public library or your local bookstore.

—:—

FOR CHILDREN, many fine books that have stood the test of time—some of which were read to you or even your grandparents—have been reprinted and brought out in beautiful editions. Fortunately they are among the best sellers. Be sure to look for them.

Too few of the great books written long ago for children have been reprinted. Indeed, some of the finest children's books can't be found at a bookstore. They may be out of print. These are most often the books asked for by children, 8 to 12, at the public library.

Random House, which has published many new children's books, is rendering a valuable service by bringing out inexpensive reprints of many of the great books for children. They are in hard covers, with easy-to-read print on excellent paper. Though not in color, the illustrations are excellent.

—:—

THE WHOLE group of these books is called "Looking Glass Library". Address, Random House, 457 Madison Avenue, New York.

Volumes now availabe are "The Looking Glass Book of Verse", "Wild Animals I Have Known", "Five Children and It", "The Princess and the Goblins", "The Haunted Looking Glass", "The Peterkin Papers", "The Blue Fairy Book", "Men and Gods", "Edward Lear, A Book of Nonsense", and "The Lost World".

I can't imagine any other gift for the price — a dollar and a half — that could give a child so much useful fun. He can enjoy reading these books for years; his next older brothers and sisters can read them and he might pass them along to his own children and grandchildren.

My bulletins, "Why Read to Baby and Young Child" and "Enjoying Our Children," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

Calcutta Firemen To Fete Children

Calcutta volunteer firemen met Monday night in the fire station to outline plans for a children's Christmas party.

Norman Neal, president, said Calcutta area children through the eighth grade may attend the party Dec. 23 from 7:30 to 10:30 p. m. in the fire station. Treats, music and entertainment will be provided.

Firemen were asked to attend a cooking demonstration tonight in the Ohio Power Co. building sponsored by the auxiliary.

Walls of the fire station are being painted and will be decorated for the holidays. Firemen will sponsor a round and square dance Saturday night from 9 to midnight in the station. The next meeting is Monday night.

Raw Steel Pouring Out Of Mills At Record Rate

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Raw steel is pouring out of the mills at a record rate. And now some finished products are on their way to users.

But they are being used up as quickly as received. Steelmen doubt that much, if any, stocks can be built up by the end of January, when the court-imposed strike truce expires.

This is why pressure is building up to find some settlement—privately if possible or publicly if not—to the labor-management dispute over wages and work rules.

The effects of a new stoppage could be swift and much more widespread than before. This possibility has been all but forgotten in the elation over the big Christmas trade the merchants are enjoying.

The fear is that a resumption of the strike would cripple other industries right from the start, instead of from two tot hree months later, as was the case last summer and fall. And the hundreds of thousands in other industries laid off as a side effect of the steel strike might be multiplied many times if the strike is resumed.

The steel workers have hammered out contracts with some copper companies. They say they hope to do the same with aluminum companies shortly.

But in the big dispute, steel management and labor seem—as far as the public can tell, at least—to be as far away as ever.

The 600,000 increase in unemployment in November over October reported by the Labor Department could be only a drop in the bucket if the strike resumes, observers point out.

One of the most startling of the predictions along this line comes from the Research Institute of America. This industry-supported private business advisory organizatiion says that by the first of March one American industrial worker in four stands a chance of being laid off if steel supplies stop flowing again.

It sys that nearly five million in the metalworking industries would be quickly jobless.

Quick victims would be hundreds of thousands of rail and truck workers and 2½ million in the construction field.

Some industries could hold out longer but in time would be affected. These include industrial chemicals, coal mines, paperboard, canneries, tires, and glass.

More remotely affected would be businesses losing customers because the laid-off workers couldn't buy. In time there could be lay-offs in these consumer industries, too, to an extent that can only be estimated.

Add in the three million unemployed for reasons other than steel shortages, and guessing at how many might be laid off in the remotely affected industries, the institute says that the total figure could quickly rise to 10 to 15 million.

Muench, 70, left, and Archbishop Albert Gregory Meyer, 56, of Chicago are seated in the Red Hall of the North American College in Rome shortly before their elevation by Pope John XXIII. Scientists Uncover Surprises

Antarctica's Ice Curtain Of Mystery Melting Now

By ALTON BLAKESLEE
Associated Press Science Writer

WASHINGTON (AP) — The ice curtain of mystery surrounding Antarctica is starting to melt.

For the fifth straight year, scores of scientists are poking, prowling, exploring — and shivering — in the vast icebox at the bottom of the world.

They've already turned up some surprises, with more to come.

Antarctica's fields of ice are so vast, they find, that the earth must contain about 50 per cent more ice than ever suspected before. At one known point, it's nearly three miles deep.

And Antarctica is seemingly warming up, at least at Little America. Average temperature there is about five degrees warmer than 45 years ago.

If all this ice melted, oceans would rise 200 feet or more, drowning great seaports, towns and hamlets around the world.

It's a huge cold weather factory, influencing weather not only in the Southern Hemisphere, but probably the Northern hemisphere as well. Soviet scientists recorded the world's record low temperature at one of their bases — 125.3 degrees below zero.

Scientific sleuthing is unmasking a disguise. For Antarctica is apparently not all one huge continent. Its western half seemingly is a great collection of islands and mountains glued together by a thick sheet of covering ice.

Petrified wood and coal have been found far inland, adding to evidence that Antarctica once basked in tropical or semi-tropical climate, ice-free. Strange dry valleys are being found far inland.

Most importantly, Antarctica no longer is a great void of ignorance on this planet, says Ross Peavey, deputy executive director of the U.S. National Committee for the International Geophysical year.

The scientific assault on Antarctica began in 1955, when Navy ships and planes and IGY scientists started setting up the initial IGY posts.

When the 18-month IGY ended last Dec. 31, scientists had gathered 27 tons of data, which still are being analyzed.

County's Subdivisions To Pay $24,502 In Election Expenses

Columbiana County subdivisions will be charged $24,502 as their share of the cost of the Nov. 3 general election, Frank R. O'Hanlon, Election Board clerk, said today.

Amounts charged against each village, city, township and school district have been certified to County Auditor Kenneth Bell at Lisbon to be withheld from the next tax settlement, O'Hanlon explained.

The charge back will include $6,894 from cities and villages, $6,172 from townships and $11,436 from school districts. In addition, the county government will pay $3,333 as its share of the election costs, boosting the overall total to $27,836.

For the first time in history, the East Liverpool School District will share the cost of voter registration with the municipal government. Each will be charged $459.18, a total of $918.36.

The charge against the school district was made in compliance with a recent ruling from Atty. Gen. Mark McElroy, which held that all subdivisions in a registration area should share the cost. Previously, the entire registration expense was charged against the city.

In another new procedure, the board was required to use a different formula for computing the charges against each subdivision. With the new formula, the board is required to make a pro rata breakdown of expenses for each subdivision, based on the number of precincts which it has.

Under the old system, the costs were computed on the basis of the election expenses within the subdivision.

In the new system, if ballots cost $8,000, the board determines the portion of the expense to be charged to a subdivision by dividing the $8,000 by 152 — the total number of precincts in the county — and then multiplying the result by the number of precincts in the particular subdivision. In addition, each subdivision is required to pay the entire cost of ballots for any special questions or issues on which it voted, such as local bond issues or tax levies.

The principal factors that enter into computing the charges against each subdivision are: Pay of precinct judges and clerks, rental of polling places, transportation and erection of equipment and special questions and issues ballots.

Here are the charges against each subdivision:

Cities and villages: East Liverpool, $2,868; East Palestine, $391; Salem, $1,496; Wellsville, $807; Columbiana, $293; Leetonia, $240; Lisbon, $293; Salineville, $232; Hanoverton, $48; New Waterford, $75; Rogers, $48; Summitville, $48, and Washingtonville, $48.

School districts: East Liverpool, $2,861; East Palestine, $721; Salem, $1,629; Wellsville, $1,044; Columbiana, $440; Leetonia, $441; Lisbon, $526; Beaver Local, $1,082; Fairfield - Waterford, $701; Franklin, $48; Southern Local, $590; United Local, $688; Mahoning Local, $415; Alliance City, $48; and Minerva Local, $195.

Charges are made against the Mahoning Local, Alliance City and Minerva Local districts because small sections of their areas overlap into Columbiana County.

Townships: Butler, $184; Center, $428; Elkrun, $170; Fairfield, $587; Franklin, $48; Hanover, $195; Knox, $309; Liverpool, $367; Madison, $268; Middleton, $284; Perry, $1,320; St. Clair, $367; Salem, $366; Unity, $636; Washington, $269; Wayne, $73; West, $195, and Yellow Creek, $97.

Yates Lifts Missile News Ban As Misunderstanding Is Cited

CAPE CANAVERAL, Fla. (AP) — Maj. Donald N. Yates, who ordered newsmen barred from missile launchings because of a news service story, lifted the ban Tuesday.

The commander of the missile test center said his action—in effect 24 hours—was based on a misunderstanding.

Rescinding of the ban by Yates came after a strongly worded telegram from Lyle Wilson, vice president of United Press International in Washington, denying Yates' charges that a UPI story Saturday violated an agreement not to pinpoint the date of a future space probe.

Wilson said the story was based on information from independent sources in Washington, not on briefings at the test center.

The story, carrying a Washington dateline, told of plans to send a rocket to the vicinity of the planet Venus and into orbit around the sun. It said the firing would be Tuesday.

After the story appeared, the launching was postponed for technical reasons.

The Air Force general told reporters Monday at his weekly news briefing that the news service had violated an agreement not to release the launching date.

As a result, Yates said, for the time being he would not brief reporters on future military launchings nor allow them to cover such launchings from the press site here.

Scientific launchings by the National Aeronautics and Space Administration were not affected by the ban, and no military rockets were fired while it was in effect.

Wilson's telegram to Yates said the UPI would accept reasonable regulations of news coverage at the test center but "we will not for a moment submit to nor permit long to endure your interference in news coverage here in Washington."

Wellsville Man Taken To Prison For Theft

Sheriff's deputies transferred William Edgar Wright, 22, of Wellsville to the Ohio State Penitentiary Tuesday to begin serving 1-7-year sentence for grand larceny of copper wire and tools from the Pennsylvania Railroad in September 1955.

He received probation Feb. 31, 1956, but while free was sent up from Jefferson County for raping a 13-year-old Empire Girl. He was released from Mansfield Reformatory in November for morals offense and was returned to Columbiana County as a parole violator.

GOSHEN, Ind. (AP) — Elkhart County Surveyor Wilden Snyder is a man who believes in moving forward with the times — when possible. But when he found himself 16 miles from home with a car that wouldn't operate in forward gear, he drove in reverse all the way home.

Jap's High Court Gives Ruling On 'No War' Clause

TOKYO (AP) — The Japanese Supreme Court ruled today that the "no-war" clause in Japan's constitution does not prevent the stationing of American troops here. The court also said Japan's own armed forces are constitutional.

The unanimous decision by the 15-man court was a blow to left-wing hopes of forcing the U.S. troops out of Japan, disarming the nation and neutralizing Japan in the cold war.

At issue was Article 9 of Japan's constitution. Written under the postwar American occupation, this "no-war" section declares that Japan forever renounces the possession of all war potential.

But the high court, in reversing a Tokyo district court ruling made last March, declared: "There are no stipulations in the constitution that deny Japan as a sovereign nation the right of inherent self-defense. The principle of peace in our constitution does not stipulate in any way complete defenselessness or non-resistance."

2 Slayers Serving Life Terms Are Given Clemency

COLUMBUS, Ohio (AP) — Two slayers serving life terms were granted executive clemency Tuesday, making them eligible for immediate parole consideration.

Gov. Michael V. DiSalle commuted the first-degree murder sentences of Ernest Kahn, 65, of Akron, and Waldo Tippins, 59, of Marietta, to second-degree.

DiSalle said his actions were the first on 53 long-pending cases. He added that the Pardon and Parole Commission had recommended clemency for both men but no previous administration action was taken. Life - termers must serve 20 years before being given consideration.

Kahn has served 25 years for the slaying of Rufus Autrey during a card game argument. He entered Ohio Penitentiary in 1935 and has recently been in the Marion Correctional Institution. His children in Pennsylvania have agreed to care for him, DiSalle said.

Tippins was convicted in the robbery slaying of John Conrad in 1930 with two companions, Clay Sims who struck the fatal blow and Raymond Sliders who died in prison. Tipping is in the Marion institution.

IN PROBATE COURT
NOTICE OF HEARING
O.R.C. Sec. 3107.06 (B) (4)
Case No. 1129, 1128, 1130
To: Raymond H. Magee
Address Unknown

You are hereby notified that on the 24th day of November, 1959, a petition was filed in the Probate Court of Columbiana County, Ohio, for the adoption of Freddie Hugh Magee who was born Sept. 13, 1943, Mary Alice Magee who was born Jan. 13, 1942, Jack Magee who was born Jan. 21, 1946 at Louisiana.

Said petition contains the allegation that you, as the father of said children have wilfully failed to properly support and maintain said children for a period of more than two years immediately preceding the filing of this petition.

If at the hearing it is found that the allegations of the petition are true your consent to the adoption of the above named children will not be required.

Hearing on said petition will be on the 29th day of December 1959, at 9:45 o'clock A.M. in the Probate Court of Columbiana County at the Court House, Lisbon, Ohio.

Witness my signature and the seal of said Court at Lisbon, Ohio, this 4th day of December, 1959.

Kozy Kottage!
2 bedroom—full basement.
Asking $18950
Kozy best describes this spic n span cottage situated on a large corner lot in one of the best parts of town. It has a lovely livingroom with open cheery fireplace, nice-sized diningroom and big modern kitchen. The home is heated with a gas hot water system and has a big detached garage. The big yard has lots of lovely trees and is made to order for summer outdoor fun. NOW is the right time to make 'em an offer. WHY? They're anxious!
